The Vice President and Business Manager now presented Mr. Lam Woo of the University Architect's Office who exhibited to the Board and explained in some detail the model of the proposed Coliseum-Field House. After expressing appreciation to Mr. Lam Woo for his skill in creating this model, the Board by general agreement authorized the University Cabinet to have the University Architect's Office prepare working drawings of the Coliseum-Field House. In preparing these plans, the Board instructed the Cabinet to have the structure designed in such a way that maximum use of it might be made by the College of Agriculture for Farmers' Week, Agricultural Engineering exhibits, stock shows and comparable uses.

The Vice President and Business Manager reported that, through C. R. O'Neil and Company, Realtors, representing the Alwood family, the University had received a written offer to sell the property known as the Alwood property on Olentangy River Road for \$280,000.00 with the proviso that Alwood Florists, Incorporated, be permitted to use the chattels and buildings for a period of one year from the date of transfer of the deed to said premises.

Upon motion of General Dargusch, seconded by Mr. Pomerene, the proper University authorities by unanimous vote were authorized to seek permission of the State Board of Control for the purchase of the Alwood property and, after securing this necessary permission, to purchase the property and to effect the transfer of title to the Ohio State University.

Homer C. Corry, Clarence D. Laylin and Philip C. Ebeling representing the alumni of the College of Law, appeared before the Board and emphasized the great need of the College of Law for larger and more adequate quarters, and expressed the hope that the Board of Trustees would include, with high priority, an item for a new Law Building in the next Legislative request budget.

* * * * *

Vice President Hatcher presented a report giving the results of the first of a series of evaluations of the members of the faculty of the College of Law, as made by the students of said college.

Dr. Hatcher advised the Board that the administration plans to have studies along somewhat similar lines made of the members of the Faculties of the other colleges of the University, and as such studies are completed a report thereon will be presented to the Board.

* * * * *

Vice President Hatcher presented a preliminary report on the classification of salaries for members of the faculty of the College of Medicine. After discussion of this report, it was agreed that a further report be made at the September meeting of the Board.

General Dargusch presented the following statement:

I have reviewed the several resolutions of the Board of Trustees concerning the matter of political meetings on the campus and have come to the following conclusions:

It is the stated purpose of the University to encourage in every way free and objective discussion among students and faculty of political, social and economic issues in connection with the over-all education program of the University. I believe that it is desirable at this time to amend the rules governing political meetings so as to permit a forum to be held on the campus by the several political parties (if they so desire) at places and times to be prescribed by the University, it being clearly understood that the University will not lend its name or prestige to the candidacy of any individual nor to any political party, and that all meetings shall be conducted solely upon the responsibility of the particular political party, the University's part being to afford a place for meeting. Dates shall be determined by lot. The assignment of facilities shall also be determined by lot, where required.

After making the foregoing statement, General Dargusch moved that the resolution of May 10, 1948 pertaining to political meetings be revised by the amendment of paragraph 2 thereof and the addition of a new paragraph 4 as follows:

- 1) (Not amended.)
- 2) Except as provided in paragraph 4) hereof, it does not permit the holding of meetings on the campus organized in the interests of candidates for political office whether addressed by such candidates themselves or by others in their behalf.
- 3) (Not amended.)
- 4) The President is authorized to notify the several Chairmen of the political parties appearing upon the Ohio ballot that the University will provide space for a meeting in such campaign period to be held by the political party on a day to be selected, but not prior to primary election. The Chairman of each political party accepting the President's offer of space shall be wholly responsible for the arrangement of the program, the selection of speakers and the details concerning the meeting. Such meetings shall be open to members of the faculty, the student body and the general public and it shall be clearly stated in connection with such meetings that the University is providing space, but assumes no responsibility whatever for the speakers, their remarks or the program in general. The assignment of dates and facilities shall be made by lot.
- 5) There seems to be considerable confusion concerning the status of independent candidates. Since they may not be the candidates of a particular party, it is agreed that such individuals be afforded similar facilities to those accorded political parties, provided such independent candidates organize on a state-wide basis selecting a chairman, etc., in which event the state organization of independent candidates shall be allowed one meeting and accorded the same treatment as that accorded political parties.

This motion was seconded by Senator Bricker and upon roll call was adopted by unanimous vote.

The Vice President and Business Manager presented the recommendation of the University Cabinet that Mr. Clyde T. Morris be employed in a consulting capacity to the University Architect in connection with the design of the steel structure for the proposed Field House. The compensation to Mr. Morris for this service is to be at the rate of \$75.00 per diem and not to exceed \$2,000.00.

Upon motion of General Dargusch, seconded by Mr. Pomerene, the above recommendation was unanimously approved.

The Vice President and Business Manager presented the following statement:

Mr. W. R. Flesher, Acting Director of the Bureau of Educational Research, on February 17, 1950 made the following recommendation:

Professor Ross L. Mooney of the Bureau of Educational Research prepared during 1941 and 1942 three forms of the Problem Check List (copies attached). The copyrights for these three forms were granted to the Bureau of Educational Research. During the years since, the sale of these Check Lists has resulted in a profit of \$10,200.00, now deposited in Rotary 13850.

In view of the fact that the financial returns (\$10,200.00) from the Check Lists have more than met Professor Mooney's obligations to the Bureau and the University for any University time spent on the development of these forms, I recommend that the copyright now held in the name of the Bureau of Educational Research be assigned to Professor Mooney for any use he may wish to make of them.

This recommendation was approved by Dean Donald S. Cottrell of the College of Education.

A number of discussions have been had concerning this matter during the ensuing weeks, and it is the opinion of the University Administration that the title to the copyright on the Problem Check Lists, in all equity, should be transferred to Professor Mooney, where the title might properly have rested in the first instance.

Upon motion of Mr. Pomerene, seconded by General Dargusch, the above recommendation was approved by unanimous vote, and the President was requested to express to Professor Mooney the appreciation of the Board of Trustees for his very generous attitude.

President Bevis now reported to the Board the death of Henry Blumberg, Professor of Mathematics. In accordance with the recommendation of the Board of Trustees, a copy of the resolution expressing, on behalf of the University, the sorrow and sympathy of the Board has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Henry Blumberg, Professor of Mathematics, on June 28, 1950. Professor Blumberg entered the service of The Ohio State University in October 1925, as a professor in mathematics. He had done his undergraduate work at Columbia University and received the Ph.D. degree at Goettingen in 1912. Following his studies abroad, Professor Blumberg taught at the University of Nebraska, 1913-1918, and at the University of Illinois, 1918-1924.

He was prominent in the field of mathematics, having served as an associate editor of both the *Annals of Mathematics* and the *American Mathematical Monthly*. He had been a member of the Council of the American Mathematical Society. The researches of Professor Blumberg centered in real variables and point set theory. His many publications in these important branches of mathematics had given him a high professional standing.

Professor Blumberg excelled as a teacher of beginning graduate students. He was able to encourage them to develop resourcefulness and independence, at the same time as he showed them the evolution and beauty of mathematical analysis. The numerous graduate students for whom he served as adviser are devoted to the ideals which he set forth.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
EIGHT HUNDRED AND THIRTY-NINTH MEETING
BOARD OF TRUSTEES

Gibraltar Island, Ohio, September 5, 1950.

The Board of Trustees met at Gibraltar Island pursuant to adjournment.

Present: Donald C. Power, Chairman, General Carlton S. Darbusch, Forrest G. Ketner, C. F. Kettering, Warner M. Pomerene and Lockwood Thompson.

President Bevis referred to his previous report to the Board concerning the willingness of Dr. Wendell D. Postle to assume full time duties as Dean of the College of Dentistry and the previous understanding that when this arrangement was effected, his salary would be fixed at \$12,000.00 per annum.

The previous understanding that this arrangement should go into effect on October 1, 1950, has been affected in Dr. Postle's mind to some degree by the fact that his son, who is taking over the dental practice established and carried forward by Dean Postle, is in the Reserves and subject to call for military duty. Under these circumstances, Dean Postle would like to defer the full consummation of the foregoing arrangement to the extent that he would be free to maintain practice on a limited scale until his son's status is clarified, it being understood that this arrangement is of temporary character.

Accordingly, President Bevis recommended: That Dean Postle's position as Dean of the College of Dentistry become a full time position as of October 1, 1950, and that his salary as full time Dean be fixed at \$12,000.00 per year. In view of the current Korean War situation, however, and the fact that Dr. Postle's son is a Reserve Officer, it is understood that for a temporary period following October 1, 1950, Dr. Postle may continue his practice on a limited basis, and it is directed that during such period his salary shall be \$10,000.00 per year. The termination of this arrangement shall be a matter for the consideration of the President and Dr. Postle, and further report shall be made to the Board of Trustees.

On motion of General Dargusch,, seconded by Mr. Ketner, the above recommendation of the President was approved by unanimous vote.

Vice President Hatcher presented a report on the teaching of American History in the University and in the Public Schools.

Following a discussion of this report, it was agreed that further study of this matter should be made and the President was requested to report to the Board the results of such further study.

Thereupon the Board recessed to meet at 9:00 A. M., September 6, 1950.

September 6, 1950—9:00 A. M.

The Board came into session with the same members present as at yesterday's meeting.

The President advised the Board that he has received a letter dated August 16, 1950 from Natalie Stone Gage, in which she renounces her rights to the use of the property at 556 Twelfth Avenue, Santa Monica, California.

This property was deeded to the Board of Trustees of The Ohio State University on June 20, 1947, by the Eureka Realty Company (of which Julius F. Stone was the principal stockholder) under certain conditions contained in a resolution adopted by this Board on October 23, 1946, as follows:

1. So long as Julius F. Stone and his wife Edna A. Stone or the survivor of them shall live, they or such survivor shall have the right to use and occupy the said premises as a residence.

2. Upon the death of said Julius F. Stone and Edna A. Stone, their daughter, Natalie Stone Gage, shall have the right to use said premises as a residence during her life, or until such time as she shall in writing renounce such right of use.

3. During the time either of the persons aforesaid shall retain possession of said premises, he or she shall pay the cost of insurance, taxes, assessments, maintenance and repair of the same.

4. After the death of said persons or upon such renunciation, the full possession, with right of disposal of said premises, shall pass to the University.

5. It is the desire of the donor of said property and agreed to by the Trustees, that said premises or the proceeds thereof shall be devoted to the development or use of the Radiation Laboratory of said University.

The President now stated that with the renunciation of the use of this property by Natalie Stone Gage following the death of Julius F. Stone on July 25, 1947 and Edna A. Stone on February 19, 1950, full possession and right of disposal now passes to the University.

Following the discussion of the above statement, General Dargusch moved that the University administration be authorized to dispose of the said property to the best advantage possible to the University.

This motion was seconded by Mr. Ketner and upon roll call was approved by unanimous vote.

* * * * *

General Dargusch presented the following motion and moved its adoption:

That in view of the many current matters covering Athletics, a three-member Committee of the Board be appointed to study and report on the problems in connection therewith, to include the following:

1. The organization of that part of the University concerned with athletics and physical education and its place in the University—
 - a. The functions of the Director of Athletics
 - b. The membership and functions of the Athletic Board
2. Television of football games
3. Movies of football games
4. Field House
5. Allocation and distribution of football and other athletic tickets.
6. Publicity
7. Such other matters concerning Athletics as may appear to the Committee to justify study and report.

The Chairman of the Board of Trustees, as the Trustee member of the Athletic Board, is to be a member of such Committee.

The above motion was seconded by Mr. Pomerene and upon roll call was approved by unanimous vote.

Chairman Power appointed as the other members of the Committee General Dargusch as Chairman and Mr. Pomerene.

Pursuant to the Board's instruction, further report was made concerning the method and amount of compensation of doctors in the

University Hospital with particular reference to Dr. Jacoby, the chief anesthetist. After considerable discussion of the nature and extent of the Board for the guidance of the Administration:

1. The staff authorized to administer anesthetics in the University Hospitals should be expanded to a suitable number to be determined by the Administration of the College of Medicine. The giving of anesthetics should not be a "monopoly."
2. The amount of the fees charged for the giving of anesthetics in the University Hospitals shall be fixed by the authority of the University.
3. Each physician who administers anesthetics shall render his own bills and make his own collections, the amount of the charge having been fixed as provided in No. 2 hereof.
4. Suitable compensation shall be made from University funds for the teaching service rendered by physicians administering anesthetics.

The Vice President and Business Manager presented the following statements and recommendations:

On authority of the Board of Trustees, the University Cabinet met on July 17, 1950, for the purpose of opening bids on New Steam and Condensate Lines from Administration Building to Mendenhall Laboratory. The following is a tabulation of bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Huffman-Wolfe Company	\$68,400
Sauer Company, Inc.....	70,900
B. and J. Jacobs Company, Inc.....	62,463
M. & M. Plumbing & Heating Company.....	91,999
Moffett & Troop, Inc.....	70,700
Lieb-Jackson Company	51,535

There were seven companies that took out plans and specifications on this project and, as shown above, we received six bids, all of which were in excess of the estimated cost of \$25,879.00 filed with the Auditor of State.

The estimate for this project was made during the latter part of March, 1950, and evidently was not sufficient at that time. We have rechecked the cost of a number of the materials and find there has been a great increase in price as of today. The present war scare has caused bidders to increase their prices because of unforeseen uncertainties. For these reasons, the low bid is greatly in excess of our estimate.

An analysis of all the bids received shows that the bid of Lieb-Jackson Company is several thousand dollars below the average bid on this project and indicates present day costs. It is the opinion of the Director of Physical Plant that, with the present unsettled conditions we would be unable to obtain either a lower bid or wider competition should we readvertise this project.

This steam line is needed for furnishing steam to the New Student Union Building which will be ready for heat by the first of December, 1950.

Therefore, the Cabinet recommends that this contract be awarded to Lieb-Jackson Company at their bid of \$51,535.00 and that the Director of Public Works be requested to enter into a contract with this company for the amount of their bid.

This contract is to be paid from G-32-1 Roads, Walks, Tunnels, Utility Lines, H. B. 655.

Upon motion of Mr. Pomerene, seconded by Mr. Kettering, the above recommendation of the Cabinet was approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board and pursuant to legal advertisement, has received bids and approved the award of the following contracts and now recommends that the actions of the Cabinet be approved by the Board of Trustees. A detailed tabulation of said bids is on file in the offices of the Auditor of State and the University Architect and is included in the records of the University Cabinet:

1. *Air Conditioning—Faculty Club*
 B. & J. Jacobs Company, Incorporated.....\$29,414.00
 To be paid from G-2-I Air Conditioning—Faculty Club,
 H. B. 654
2. *Installation of 8-Inch Water Main Along South College Drive and 12th Avenue*
 Fishel Company\$ 6,300.00
 To be paid from G-32-1 Roads, Walks, Tunnels and Utility Lines, H. B. 655
3. *Bowling Lanes Equipment and Accessories—New Student Union*
 Brunswick-Balke-Collender Company\$60,052.79
 To be paid from G-2-A Ohio Union, H. B. 654
4. *Exterior Painting of 7 Two-Story Single Housing Buildings, River Road Housing*
 Ballenger Painting Company\$ 4,291.00
 To be paid from F-1-C Building Repair, H. B. 654

Note: The above project is an alternate to a contract for Exterior Painting of 25 Two-Story Apartment Buildings, including Community Building, Cafeteria, and Shop Building and Interior Painting of Single Housing Buildings Nos. 9, 10 and 11, River Road Housing, approved by the Board on June 10, 1950. The alternate was rejected at that time but the University Cabinet now recommends that it be accepted at the original bid.

5. *Remodeling Rooms 120 and 121—Hamilton Hall*
 M. & M. Plumbing & Heating—Supply Piping.....\$ 1,555.60
 M. & M. Plumbing & Heating—Drainage System.... 4,470.00
 Huffman-Wolfe Company—Vent Ducts..... 976.00
 Gustav Hirsch Organization—Electric Work 2,274.00

 \$ 9,275.60

To be paid from G-2-19 Addition to and Remodeling of Hamilton Hall, Remodeling of Starling-Loving Hospital
 H. B. 654

Note: These bids were received by the Purchasing Department and approved by the Controlling Board August 1, 1950.

Upon motion of Mr. Pomerene, seconded by Mr. Kettering, the above actions of the Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager presented the following statement and recommendation:

1. *Coal Handling Equipment for Power Plant*

On authority of the Board of Trustees, the University Cabinet met on August 17, 1950, for the purpose of opening bids on Coal Handling Equipment for Power Plant. The following bid was received:

Webster Manufacturing Company.....\$36,815

The Engineer's estimate on this project was \$35,000.00. The Cabinet now recommends that this bid be rejected, that

additional study be made of the layout and that in the near future this project be readvertised for bids.

2. *Remodeling of Former Service Building for Use as Alumni Center*

On authority of the Board of Trustees, the University Cabinet met on July 25, 1950, for the purpose of opening bids on Remodeling of Former Service Building for use as an Alumni Center. The bids received are tabulated as follows together with a notation of the estimate of cost filed with the Auditor of State:

<i>Bidder</i>	<i>General Contract</i>	<i>Plumbing Contract</i>	<i>Electrical Contract</i>
H. M. Boyajohn & Associates	\$38,723.00		
George Sheaf & Company..	38,500.00		
Joseph Skilken Company...	47,500.00		
M. & M. Plumbing Company		\$3,612.00	
Huffman-Wolfe Company ..		3,700.00	
Sauer Company, Inc.		5,454.00	
Gustav Hirsch Organiza- tion, Inc.			\$10,674.00
McCarty Electric Company.			7,281.00
Estimate of Cost.....	29,500.00	3,000.00	7,500.00

It is noted that the low bids for the General Contract and for the Plumbing Contract are in excess of the estimated cost and that the total of all low bids, \$49,393.00, is \$9,393.00 or 23½ per cent in excess of the total estimate of cost. The estimate of cost was very carefully prepared based upon our wide experiences in biddings of the past thirty months. In the opinion of the Cabinet, the wide difference between the estimate and the low bids is due to present uncertainty in the construction industry.

Since the added floor space which would be made available by the construction of the project, as proposed by the drawings and specifications, would provide relief for congestion in the offices of the Graduate School, the Research Foundation and the Business Manager by releasing the space now occupied by the Ohio State University Association and Alumni Recorder in the third floor of the Administration Building, the University Cabinet is of the opinion that the project should be readvertised and offered for bid on a 10-day basis.

The Cabinet, therefore, recommends that the Director of the Department of Public Works be requested, in behalf of the Board of Trustees, to reject all bids received on July 25, and to approve a revised estimate of cost as follows:

General Contract	\$40,000.00
Plumbing Contract	4,000.00
Electric Contract	8,000.00

The Cabinet also recommends that the Controlling Board be requested to permit the publication of an invitation for new bids by a single advertisement in the manner provided by law.

Upon motion of Mr. Pomerene, seconded by Mr. Kettering, the above recommendations of the Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 1—approved transfer of \$830.00 from Rotary 804 to G-2-D Press Box, H. B. 654.

The Vice President and Business Manager presented the following statement concerning

Revisions of Costs of Projects Previously Approved

Due to the Korean conflict, it became necessary to re-study the estimates of cost for projects about to be advertised. The following revisions of costs are, therefore, recommended by the University Cabinet:

<i>Project</i>	<i>Original Estimate of Cost</i>	<i>Date Approved By Board</i>	<i>Revised Estimate of Cost for which Ap- proval is Now Sought</i>
Completion of Substation C including New Three Phase Service to Kinsman Hall, also New Electric Feeder from Power Plant to Substation D North and C South	\$80,000.00	June 10, 1950	\$90,000.00
Piping for Condenser Water in Pump House and Power Plant	\$45,160.00	May 8, 1950	\$55,000.00
Air Conditioning—Faculty Club	\$30,000.00	July 7, 1950	\$34,662.00

Upon motion of General Dargusch, seconded by Mr. Thompson, the above recommendations were approved by unanimous vote.

The Vice President and Business Manager presented the following statement concerning

Sanitary Waste Treatment Pilot Plant

On June 1, 1950 the Cabinet approved the diagrams for a Sanitary Waste Treatment Pilot Plant to be constructed on University property by the Department of Natural Resources, Division of Water, and now recommends that the Board of Trustees approve the plans and specifications for said Sanitary Waste Treatment Pilot Plant, so that the project may be advertised for bids by the Director of Public Works.

Upon motion of General Dargusch, seconded by Mr. Thompson, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager now presented the request of Professor I. A. Gould, Chairman of the Department of Dairy Technology, which was approved by Dean Rummell, that there be transferred \$4,000.00 from Dairy Laboratory Rotary 15954 (manufacturing operations) to Dairy Technology Rotary 13156 (regular expenses).

Upon motion of Mr. Thompson, seconded by General Dargusch, the above mentioned transfer was authorized.

The Vice President and Business Manager reported to the Board that Mr. John K. Kennedy had presented a request to tap the six-inch water line laid by the University in Highland Drive. This was for the purpose of serving certain lots which he was laying out for real estate purposes on Highland Drive and Kenny Road. The following letter was sent to Mr. Kennedy on August 1, 1950:

"This is in reply to your letter of July 13, 1950, relative to your tapping the six-inch water line laid by the University in Highland Drive.

"The Board of Trustees, on June 10, 1950, in a similar case, ruled that permission to tap would be granted without charge but with the express understanding that no assessment would accrue against the University because of the extension of the line or lines from the tap made.

"The Board's position seems to be logical for the University, through the Athletic Department, has already paid several thousand dollars to bring the line as far as it presently is. It would not seem equitable to have a charge several times that amount levied against the University property for the extension of the line. Especially would this be true when it is realized that the extension would not have been possible without the earlier improvement by the University.

"Your request will be presented to the September meeting of the Board of Trustees."

Upon motion of General Dargusch, seconded by Mr. Pomerene, the request of Mr. Kennedy to tap the six-inch water line was granted without a tapping charge, but with the understanding that no assessment would be made against the University for the extension of the line in either Kenny Road or Highland Drive.

The Vice President and Business Manager presented a request that application be made to the State Records Commission for authority to destroy certain obsolete and useless records. These records consist, in the main, of project sheets, job cost sheets, time checks, orders, requisitions and business letters from 1912 to 1930, now stored in the Business Office basement. The Board indicated that it was of the opinion that such application be made, but that the list of records to be destroyed be brought down to a date more current than 1930. It was further the opinion of the Board that a schedule be set up for the destruction of old and useless records and that such destruction be carried out on a regular basis with permission of the State Records Commission.

Upon motion of General Dargusch, seconded by Mr. Pomerene, the Board approved making the application to the State Records Com-

mission and instructed the Vice President and Business Manager to prepare the schedule for the regular destruction of records as indicated above.

The Vice President and Business Manager reported to the Board that the State Board of Control, on August 28, 1950, had approved the purchase by the University of the so-called Alwood tract on Olentangy River Road at \$280,000.00. The State Board of Control also approved a transfer of \$105,200.00 from Rotary 804 to G1a Lands, H. B. 654, to provide the additional amount necessary to consummate this purchase.

Upon motion of General Dargusch, seconded by Mr. Pomerene, the Board approved the purchase of the Alwood tract for \$280,000.00 with permission of the Alwood family to use the property one year from date of transfer of title and further approved the transfer of \$105,200.00 from Rotary 804 to G-1a Lands, H. B. 654, to be used for this purpose.

The Vice President and Business Manager reported to the Board that, due to the fact that the faculty was widely dispersed during the summer months and it was not possible to write the necessary regulations and acquaint faculty members with them, it was impossible to put into effect the supplemental retirement benefits provided in the action of the Board of Trustees on May 8, 1950, on the date provided, July 1, 1950.

Therefore, it is recommended that the date at which the supplemental retirement benefits be made effective be changed from July 1, 1950 to January 1, 1951.

Upon motion of General Dargusch, seconded by Mr. Kettering, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented a report on buildings in progress and the maintenance and remodeling projects under contract or completed.

The Vice President and Business Manager presented the following report on future construction to the Board of Trustees:

a. *Dormitories*

The need for dormitories has been continually stressed over the past five annual meetings of the Board of Trustees. It had been hoped that the revolving fund set up by the Congress of the United States, \$300,000,000.00 for dormitory loans would assist the University in making a start on dormitory construction during the next year. Unfortunately, however, these loans have now been suspended because of the Korean conflict. There remains, however, the possibility that the contingent loan of \$1,500,000.00 to the Ohio State University from the State Treasury may materialize by July 1, 1951. This, of course, will be dependent upon the sufficiency of the funds in the Treasury at the time the loan is considered.

It was the firm feeling of the Board of Trustees that dormitory construction should start as quickly as possible and that other sources of loan be investigated for this purpose, and the Vice President and Business Manager was instructed to present to the next meeting of the Board of Trustees a proposal for such borrowing for dormitory construction.

b. *Fireproofing and Modernizing Old Buildings*

The University Cabinet is of the earnest belief that consideration should be given to reducing the fire hazard in the old non-fireproof buildings. Because of the disastrous fires in certain colleges and Universities during the past two years, the public has become increasingly concerned about the safety in academic buildings and laboratories. It is the Cabinet's opinion, therefore, that the next legislative request should include an appropriation for fireproofing and modernizing the following old buildings: Hayes Hall, Townshend Hall, Page Hall, Brown Hall (old part only), Veterinary Laboratory, Lord Hall, Oxley Hall, University Hall and Old Ohio Union.

Summary of estimated costs of fireproofing the above buildings is given in the tabulation below:

Total cubage	7,080,300
Total to enclose and fireproof stairs and hallways	\$ 356,265
Total to fireproof entire buildings.....	\$2,883,720
Present day replacement cost.....	\$7,625,000

c. *Other Campus Improvements*

A report was made of the needs of the University for new construction emphasizing not only Veterinary Medicine and Law, but also those of the College of Arts and Sciences, Graduate School and the Colleges of Education, Engineering and Agriculture.

* * * * *

The Vice President and Business Manager presented the following statement concerning telephone service:

In the early days of the University, the cable by which telephone service was furnished was installed by The Ohio Bell Telephone Company for the University. The ownership of this cable has been vested in the University through all these years. The Ohio Bell Telephone Company is unwilling to continue this type of operation, for they feel the practice of providing telephone service by means of customer-owned plant produces highly unsatisfactory results. They, therefore, propose to purchase the existing Ohio State University-owned cable for \$31,190.00—their estimate of the current reconstruction cost new less observed depreciation. The monthly rental for this cable after purchase would be \$500.44.

It is the recommendation of the University Cabinet that the cable be sold to The Ohio Bell Telephone Company at their price of \$31,900.00 and that a credit be established for this amount in the Ohio Bell Telephone Company's books in the name of The Ohio State University, against which future rentals will be charged.

Upon motion of Mr. Pomerene, seconded by General Dargusch, the above recommendation was unanimously approved.

Vice President Stradley presented the following letter from the State Fire Marshal:

July 28, 1950.

Mr. Bland L. Stradley, Vice President
Ohio State University
Columbus, Ohio

Dear Mr. Stradley:

This office received a written complaint relative to the practice of careless smoking and obstructions to approaches to fire escapes, in some classrooms in old University Hall.

The matter was referred to First Assistant State Fire Marshal, Mr. Robert J. Harmon, who made an inspection of the building on July 25th, 1950. The following recommendations have been made:

- 1—In Room 411, provide metal containers with lids and have same emptied daily.
- 2—Prohibit smoking in building.
- 3—Install sprinkler heads in waste paper room in Basement; also under stairways and in storage rooms where needed.
- 4—Keep approaches to all fire escapes clear at all times. In Room 200, conditions are very bad in this respect.
- 5—Have emergency exit lights in Auditorium and at fire escapes checked daily to be certain they are always lighted when the building is occupied.
- 6—Seal abandoned elevator shaft with fire resistant materials at each floor level.

I trust that you will give this matter your immediate attention and that the above recommendations will be complied with within thirty (30) days upon receipt of this notice. Your cooperation will be greatly appreciated.

Sincerely,

(signed) Harry J. Callan
State Fire Marshal

Dr. Stradley advised the Board that all of the recommendations

requiring physical changes were being carried out. He stated further that the question had been raised as to the possibility of permitting smoking in the offices.

General Dargusch moved that all of said recommendations, including that of smoking in the building, shall be obeyed.

The motion was seconded by Mr. Pomerene and was approved by unanimous vote.

The Vice President and Business Manager presented the follow-
 ing statements and recommendations:

On authority of the Board of Trustees, the University Cabinet
 met on September 7, 1950 for the purpose of opening bids on COM-
 PLETION OF SUBSTATION C, INCLUDING NEW THREE
 PHASE SERVICE TO KINSMAN HALL ALSO NEW ELECTRIC
 FEEDER FROM POWER PLANT TO SUBSTATION D NORTH
 AND C SOUTH. A representative from the office of the Director of
 Public Works was present and read the bids. The following is a
 tabulation of bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Gustav Hirsch Organization, Incorporated.	\$65,740.00
Electrical Contractors, Incorporated	55,375.00
Electric Power & Equipment Company...	71,342.00

There were three companies that took out plans and specifications
 on this project and, as shown above, bids were received from all three.

However, all bids were in excess of the estimate of cost of \$55,000.00 filed with the Auditor of State.

The bid of the Electrical Contractors, Incorporated was but \$375.00 above the estimate. It is the opinion of the Cabinet that, with the present unsettled conditions, we would be unable to obtain either a lower bid or wider competition should we readvertise this project.

Therefore, the Cabinet recommends that this contract be awarded to Electrical Contractors, Incorporated, at their bid of \$55,375.00 and that the Director of Public Works be requested to enter into a contract with this company for the amount of their bid.

In order to provide sufficient funds to award this contract, the University Cabinet recommends that there be transferred from G-31-1 Power Plant Equipment, H. B. 655 to G-31-2 Electrical Distribution Equipment, H. B. 655 the amount of \$67.50.

Upon motion of General Dargusch, seconded by Mr. Pomerene, the above recommendations of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the following statements and recommendations:

On authority of the Board of Trustees, the University Cabinet met on September 7, 1950 for the purpose of opening bids on NEW ROADWAYS, PARKING AREAS AND ROADWAY RESURFACING IN CONNECTION WITH NEW BUILDINGS. A representative from the office of the Director of Public Works was present and read the bids. The following is a tabulation of bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Robert J. Dienst & Son.....	\$53,500.00
M. J. LeCrone	58,862.45
A. W. Burns & Sons Construction Co....	58,608.41
George J. Igel & Company, Incorporated..	50,593.80
Gerald Trimmer	57,250.00

The Engineer's estimate, as filed with the Auditor of State, for the above work was \$74,996.00, certain items included in the original estimate of \$93,000.00 having been withdrawn before going to bid. The low bid of George J. Igel & Company, Incorporated, is regular in every respect and is below the Engineer's estimate. Therefore, the University Cabinet wishes to recommend that we request the Director of Public Works to enter into a contract for this project with George J. Igel & Company at their bid of \$50,593.80.

This recommendation is based upon the report of Burgess & Niple, Engineers, relative to the awarding of contract for NEW ROADWAYS, PARKING AREAS AND ROADWAY RESURFACING IN CONNECTION WITH NEW BUILDINGS.

This project is to be paid from appropriations covered in House Bill No. 655, G-32-1 Roads, Walks, Tunnels, Utility Lines, Site Improvement for Buildings under Construction.

Upon motion of Mr. Pomerene, seconded by Mr. Thompson, the above recommendations of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the following statements and recommendations:

On September 7, 1950 bids were received pursuant to legal advertisement for remodeling those sections of Hamilton Hall to be vacated by the College of Dentistry and those in Starling-Loving Hospital to be vacated by the hospital administration units when these activities move to the new University Medical Center.

In order to provide data upon which the University Cabinet could recommend awards of contracts in case unfavorable bids were received, provision was made in the Form of Proposal for receiving bids on two alternates. No. 1 was a deductive alternate affecting all four divisions and was intended to provide for an extensive fifth story penthouse addition to expand the quarters for housing small animals (dogs, rabbits, guinea pigs, rats and mice) used in teaching and research. Alternate No. 2 was an addition to the Plumbing Division for the replacement of the original 1924 water supply system where the pipes have become nearly useless because of lime-clogging.

The total of the deductive amounts for the omission of the fifth story animal quarters is \$68,156.00. After careful analysis of these figures, the University administration is of the opinion that this is a disproportionate expenditure for this portion of the project. The University Cabinet is desirous, therefore, of omitting the new small animal quarters and proposes to arrange for condensing animal accommodations in existing areas. An analysis of the bids (a tabulation of which is in the minutes of the University Cabinet and on file in the office of the Auditor of State) in the various divisions will disclose the following:

	<i>Filed Estimate of Cost</i>	<i>Base Bid</i>	<i>Alter- nate No.1 (Deduct)</i>	<i>Alter- nate No.2 (Add)</i>	<i>Total</i>
<i>General Contract</i>					
H. M. Boyajohn and Associates	\$163,700	\$183,100	\$55,900		\$127,200
<i>Heating & Ventilating</i>

Total	<u>\$377,800</u>	<u>\$371,280</u>	<u>\$68,156</u>	<u>\$4,800</u>	<u>\$307,924</u>

The Architect's filed estimate of cost for General Construction, it will be noted, was \$163,700.00 before the deduction of Alternate No. 1 as compared to a base bid of \$183,100.00. The University Architect, pointing to the satisfactory range of competitive bids in all divisions, certifies to the fact that, in his opinion, no lower bids would be received for the General Contract Division if the project were to be readvertised.

The University Cabinet, therefore, recommends that the contract be awarded to Haig M. Boyajohn & Associates, Incorporated, in the amount of \$127,200.00, notwithstanding the fact that the base bid of \$183,100.00 was in excess of the filed estimate of cost of \$163,700.00.

The Cabinet also recommends the award of the remaining contracts as follows:

Heating and Ventilating to Sauer Company, Inc...\$55,234.00
Plumbing to National Company, Inc..... 66,700.00
Electrical to Electrical Contractors, Inc..... 58,790.00

Upon motion of General Dargusch, seconded by Mr. Pomerene, the above recommendations of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the following statements and recommendations:

On September 21, 1950 bids were received pursuant to ten-day legal advertisement for Remodeling the Former Service Building on the campus. A tabulation of these bids, together with a notation of the Architect's revised estimate of cost, is on file in the University Architect's office and with the Auditor of State.

It is noted that, while the low bid for General Construction (\$38,200.00) is below the estimate for this division (\$40,000.00), and the total of the low bids for all three divisions (\$51,106.00) is below the total of the estimates (\$52,000.00), the low bids for Plumbing and Electrical work are slightly in excess of the Architect's estimates of cost for these divisions.

The low bid for the General Contract is eminently satisfactory and, in view of the present uncertainty of bidding the mechanical trades, the Architect certifies that, in his opinion, the low bids for the Plumbing and Electrical divisions are reasonable and that no lower bids would be obtained if the project were to be readvertised for a third time.

The University Cabinet, therefore, recommends that the Director of Public Works be requested to enter into the following contracts:

General Contract to H. M. Boyajohn & Associates..\$38,200.00
Plumbing Contract to M. & M. Plumbing &
Heating Company\$ 4,153.00
Electrical Contract to McCarty Brothers
Electric Company\$ 8,753.00

In order to execute these contracts, it is recommended that the Board of Trustees approve and the Controlling Board be requested to authorize a transfer and release of \$51,106.00 from Rotary 804 to G-2-J Remodeling Former Service Building, H. B. 654.

Upon motion of General Dargusch, seconded by Mr. Pomerene, the above recommendations of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board and pursuant to legal advertisement, has received bids and approved the award of the following contract and now recommends that the actions of the Cabinet be approved by the Board of Trustees. A detailed tabulation of said bids is on file in the offices of the Auditor of State and the University Director of Physical Plant and is included in the records of the University Cabinet.

Piping for Condenser Water in Pump House and Power Plant

The Huffman-Wolfe Company—\$74,400.00

To be paid from G-31-1 Power Plant Equipment, H. B. 655.

Upon motion of General Dargusch, seconded by Mr. Pomerene, the above actions of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 31—approved contract in amount of \$8,000.00 with Babcock and Wilcox for repair and rebuilding of steam generator unit without competitive bidding.
- 32—approved extra to the Huffman-Wolfe Company in the amount of \$2,065.62 for installation of pressure relief sump and connecting pipe, Medical Center, H. B. 654.
- 33—approved transfer and release of \$100,000.00 from Rotary 804 to G-2-A Ohio Union, H. B. 654.
- 35—approved extra to Southern Equipment Company in amount of \$2,220.30 for installation of central pressure system for soft drink dispensing, New Student Union, H. B. 654.
- 36—approved series of extras totaling \$9,536.64 to Gustav Hirsch Organization, Incorporated, for various changes in electrical work, Addition to Main Library.
- 42—approved transfer and release of \$8,750.00 from F-1 Roofing to F-9 Other, H. B. 654.
- 43—(a) approved transfer of \$4,291.00 from Rotary 804 to F-1c Building Repairs, River Road Painting, H. B. 654.
(b) approved contract in the amount of \$4,291.00 with Bal-lenger Painting Company for painting 7 Two-Story Single Housing Buildings without competitive bids.
- 44—approved contract with Electrical Contractors, Incorporated, in the amount of \$55,375.00 for Completion of Substation C Including New Three Phase Service to Kinsman, also New Electric Feeder from Power Plant to Substation D North and D South without competitive bidding.

The Vice President and Business Manager presented the following statement concerning:

Revision of Cost of Project Previously Approved

Due to the Korean conflict, it became necessary to restudy the estimate of cost for various projects about to be advertised. The following revision of cost is, therefore, recommended by the University Cabinet:

<i>Project</i>	<i>Original Estimate of Cost</i>	<i>Date Approved by Board</i>	<i>Revised Estimate of Cost for which Approval Is Now Sought</i>
Coal Handling Equipment for Power Plant	\$35,000.00	June 10, 1950	\$39,800.00

Upon motion of Senator Bricker, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

At the June 10, 1950 meeting of the Board of Trustees, the Board approved an action intended to correct the underpayment of Gilbert Smith, who is an Apprentice Bookbinder working in the University Library under an In-Service Training Program with the Veterans Administration. The amount of the net underpayment at that time was stated to be \$921.00. Upon further study and a conference with the Veterans Administration and the U. S. Department of Labor, the amount was properly computed at \$1,688.75. It is recommended, therefore, that the approval granted at the June 10 meeting of the Board be corrected to cover the proper amount, viz. \$1,688.75 to enable Mr. Smith to refund this amount to the Veterans Administration.

Upon motion of Mr. Pomerene, seconded by Mr. Thompson, the Board unanimously approved the above recommendation.

The Vice President and Business Manager reported to the Board that a study had been made of the possibility of constructing additions to the dormitory system by means of loans from one or both of the retirement systems. The present indebtedness of Baker Hall is \$105,000.00, which will be paid out at the rate of \$40,000.00 in approximately two and one-half years. The amount due on the Residence Halls for Women bonds is \$50,000.00 which, at the annual rate of retirement of \$26,000.00, will be amortized in something less than two years.

Inasmuch as planning and construction will consume most of the time remaining before the bonds are fully amortized, it seems wise to commence actively planning dormitory additions at once. Therefore, it is recommended that the University Cabinet be authorized to proceed with the planning of an addition to the dormitory system which would provide for approximately 550 places at an estimated cost of \$2,600,000.00 and that the proper University authorities be authorized to negotiate a loan in the amount of \$2,600,000.00 from the State Teachers Retirement System or the Public Employees Retirement System or both to defray the cost of the dormitory construction. All actions in this regard are to be reported back to the Board of Trustees as they are consummated.

Upon motion of Mr. Pomerene, seconded by Senator Bricker, the above recommendations were unanimously approved.

The Vice President and Business Manager presented a request from Dr. Gladys Branegan, Director of the School of Home Economics, to Dean Rummell, of the College of Agriculture, and forwarded with College approval to the Business Office, for transfer of \$30,000.00 from Pomerene Refectory Rotary 8228 to Home Economics Rotary 8211.

Upon motion of Senator Bricker, seconded by Mr. Pomerene, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented a proposed Agreement between the Ohio State University, for and on behalf of

the University High School, and the Columbus Automobile Club covering a high-school-driver training course meeting the requirements and standards as established by the Department of Public Instruction of the State of Ohio. The purpose of this course is to provide instruction in driving to high school students in a car supplied for that purpose by the Automobile Club. The costs of operating the car and those of liability, property damage, collision, fire and theft insurance covering the Automobile Club and the University are to be paid out of fees charged to the students taking the course.

Upon motion of Senator Bricker, seconded by Mr. Thompson, President Bevis was authorized to sign the contract for and on behalf of the Ohio State University.

President Bevis now reported to the Board the death of Rudolph P. Schneider, Assistant Professor of Industrial Engineering. In accordance with the recommendation of the Board of Trustees, a copy of the resolution expressing, on behalf of the University, the sorrow and sympathy of the Board has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death on August 30, 1950 of Rudolph P. Schneider, Assistant Professor of Industrial Engineering. Professor Schneider was born at West Newton, Pennsylvania, on May 11, 1884. His early years were spent in West Newton, some 15 of them in the local foundries, the last five years as foreman and superintendent. He came to The Ohio State University in 1920 and remained here until his death. His period of service here covered 30 years as Instructor and Assistant Professor of foundry practice. His students will remember him as a friendly, enthusiastic teacher, who taught much more than the techniques of his profession, who stood before them as an example of clean character and good citizenship.

Professor Schneider took an active interest in the professional aspects of the foundry industry. He collaborated on two research papers: "The Effective Use of Cast Iron Scrap in the Cupola Charge," Bulletin 88, O. S. U. Engineering Experiment Station and "Influence of Graphite Ladle Additions on the Mechanical Properties of Grey Cast Iron." He was a member of the American Foundryman's Association and co-faculty adviser of its Ohio State University student branch at the time of his death. He was also a member of the American Society for Engineering Education, of the Masonic Order, of numerous organizations and of the North Broadway Methodist Church. In 1935 he organized and managed the All-Ohio Foundry Conference, the first of its type at the University.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

This motion was seconded by Mr. Pomerene and upon roll call was approved by unanimous vote.

Mr. Pomerene moved that the President take immediate and effective action to provide for the Medical (Health) Center the equipment which will be required to put such Center into full operation and further, that a progress report be made to Board members by December 5th.

This motion was seconded by General Dargusch and was approved by unanimous vote of the Board.

The President reported that, pursuant to the action of the Board of Trustees taken at its meeting on February 13, 1950, steps had been taken by the Business Manager to have preliminary drawings made for the University Auditorium. This Board action was as follows:

"In accordance with the action taken in the October 18, 1949 meeting of the Board of Trustees concerning architectural service for the proposed Auditorium, the Vice President and Business Manager reported that the University Cabinet has approved, and will so recommend to the Director of Public Works, a contract with Bellman, Gillett and Richards in the amount of 5½ per cent. The target amount of this project has been set at \$2,500,000. The University Architect will prepare display drawings and perspectives and handle the necessary paper work in connection with the administration of this project." (October 18, 1949 meeting)

Mr. Taylor, after conference with the Director of Public Works, had addressed a letter to him requesting approval of the expenditure of a sum not to exceed \$25,000.00 for the architectural services of Bellman, Gillett & Richards. In this letter Mr. Taylor indicated that the University had in hand a portion of the estimated cost of an Auditorium, but that he was unable to state that the entire cost was in hand.

Mr. Linzell, the Director of Public Works, in conversations subsequent to the receipt of this letter, indicated his willingness to release a smaller sum for architectural services, but was reluctant to commit himself to the entire amount requested.

At this juncture Order M-4 issued by the National Production Authority suspending the construction of a number of types of buildings included specifically field houses. This order has subsequently been slightly modified so as to permit proceeding with construction already under way, but leaving the original order intact so far as new buildings are concerned.

While it is possible that a portion of the field house and arena we have planned might be approved as a "drill hall" or something of the kind, it is evident that so long as this order stands the building of the field house as originally projected will be impossible.

In view of this, Mr. Taylor and I agreed that we could well afford to devote a larger portion of our available resources to the completion of an Auditorium and that I should be warranted in saying to Mr. Linzell that we had the funds in hand to complete the structure should the Board of Trustees so decide. Accordingly, together with Mr. H. Dwight Smith, I had a conference with Mr. Linzell and stated that we had in hand sufficient funds. Whereupon, he stated that he would authorize the use of the \$25,000.00 requested by Mr. Taylor for architectural services as above set forth. This verbal statement on his part has been followed up by a letter to the same effect.

Therefore, pursuant to the approval previously given by the Board of Trustees, we are proceeding to effect the necessary arrangements with Bellman, Gillett & Richards.

The President reported that the business of the Research Foundation has grown to approximately two and three-quarter million dollars a year. Along with the administrative work entailed, this business involves a great deal of accounting and the more or less constant provision of space for the auditing of records by Government accountants and inspector.

A part of the space originally allotted to the Graduate School on the third floor of the Administration Building has been loaned to the Research Foundation and desks for its use have been placed in the corridors outside the offices. The administration has been urgently pressed for the allotment of additional space on the campus, particularly for the accounting and inspection service. Even after the Alumni Association moves into its new quarters, the Foundation would still be under the necessity of having its administrative offices in one building and its accounting functions in some other.

Lack of space in the Administration Building has required that a part of the accounting force of the University Business Office be in Derby Hall and it is highly desirable that it be brought back into the Administration Building.

Accordingly, at the annual meeting of the Research Foundation I suggested to its Board the desirability of appropriating from its surplus funds sufficient to construct new space on the campus in which the entire force of the Research Foundation could be housed. This would not only permit the Graduate School to expand again to its previous proportions and the Business Office to come together again in the Administration Building, but would give much better working quarters for the Research Foundation itself. Computation indicated that sufficient space with some margin for the growth which seems inevitable could be had with a total floor area of 7500 square feet.

The Research Foundation, therefore, has appropriated to the University for the construction of proper space \$150,000.00, a sum which is believed adequate for the purpose.

Studies are being made by the representatives of the Research Foundation, the University Administration, and the Architect's Office looking toward the selection of a good location and the determination of a suitable type building. Beyond arriving at a consensus of opinion that the space ought to be attached to an existing building (probably the Research Laboratories Building) and that it ought to be in the general area of the campus north of the Administration Building, no final recommendation has yet been arrived at.

I should like to recommend that the administration be authorized to construct from this appropriation approximately 7500 square feet of space for the use of the Research Foundation and that report of a proper site and suitable plans be made back to the Board for definitive action.

Upon motion of Senator Bricker, seconded by Mr. Kettering, the Board by unanimous vote accepted the proposed gift of \$150,000.00 from the Research Foundation and requested the University administration to submit to this Board for its consideration the plans for such a building and recommendations of a proper site.

General Dargusch presented the following resolution on the Retirement Program and moved its adoption:

RESOLUTION ON RETIREMENT PROGRAM

PART I

At the May 8, 1950 meeting of the Board of Trustees a report of the Committee on Retirement and Insurance was received and approved.

Particular reference is made to paragraph (c) of said report having to do with the option of additional participation in the State Teachers' Retirement Fund in lieu of carrying or increasing an annuity contract under the University's Retirement Program. It was provided that such option shall be exercisable only upon application to and approval by the University, and that in making such determination the University shall be guided by the best financial interests of the individual concerned. At the time the University Retirement Program was adopted in 1939 and when the additional benefits were authorized in 1950, it was the expressed and primary purpose of the Board of Trustees to provide retirement incomes for those members of the faculty who retire from the University's service by reason of age, i.e., through compulsory retirement at age seventy (70) or at the individual's option upon or after attaining the age of sixty (60). The University shall, therefore, in making the determination as to the best financial interests of the individual concerned, base such decision upon the benefits which will accrue to the individual under the several plans upon such individual's retirement for age, and also upon the benefits which would accrue in the event of the disability or death of the individual while in the service of the University.

PART II

In view of the heavy work load placed upon the University with respect to the handling of options under the Retirement Program and

in view of the imminence of January 1, 1951, it is determined that options first be taken with respect to the additional benefits provided under the resolution of May 8, 1950.

PART III

The resolution of the Board of Trustees providing additional benefits shall not apply to those persons who are on extended leave of absence on January 1, 1951 and shall not apply to such individuals until they have returned to active service in the University.

PART IV

Those individuals who are covered by the University Retirement Program and who make annual payments on October 1 of each year may continue such procedure and there shall be deducted from their monthly salary checks for the additional benefits the amount of 2.4 per cent each month, effective January 1, 1951.

The above motion was seconded by Mr. Thompson, and upon roll call was adopted by unanimous vote.

* * * * *

President Bevis now presented the following statement and recommendation:

That, due to the large number of computations of an actuarial nature which will be required to carry out the provisions of the Retirement Program as now adopted by the Board, the Business Office should be furnished some additional service, and therefore, I am recommending that Professor Samuel B. Folk of the College of Engineering be employed on a part time basis to furnish such actuarial service and that he be given a contract for the Summer Quarter 1951 at a salary of \$2,100.00.

Upon motion of General Dargusch, seconded by Mr. Thompson, the above recommendation was approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that the Cabinet has approved the following (A) Extras to Contract, (B) Credits to Contracts, (C) Substitutions to Contracts and (D) Extensions of Time, and recommended that they now be approved by the Board of Trustees:

The Vice President and Business Manager presented the following statements and recommendations:

On authority of the Board of Trustees, the University Cabinet met on October 11, 1950, for the purpose of opening bids for Remodeling Industrial Engineering Building (Fire Escapes). The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
George Sheaf & Company.....	\$20,136.00
Geis Construction Company.....	18,354.00
H. M. Boyajohn & Associates.....	15,400.00
Brock-Sanders & Westlake Construction Company.	19,120.00
Joseph Skilken & Company.....	19,310.00
A. L. Meyer Construction Company.....	17,504.00

The Architect's estimate of cost for this project was \$15,000.00 and the low bid of Haig M. Boyajohn & Associates is \$400.00 in excess of that estimate. The fact that six bids were received indicates widespread competition. The average of all six bids is in excess of \$18,000. This indicates that the low bid is eminently satisfactory and it is the opinion of the University Architect that we would be unable to obtain either a lower bid or wider competition should we readvertise this project.

The Cabinet therefore recommends that the Board of Trustees approve and the Controlling Board be requested to authorize the award of the contract to Haig M. Boyajohn & Associates at their bid of \$15,400.00, notwithstanding the fact that the bid is \$400.00 in excess of the Architect's estimate of cost filed with the Auditor of State. If the required approvals are granted, it is recommended that the Director of Public Works be requested to enter into a contract with this company at the amount of their bid.

This contract is to be paid from G-2-18 Remodeling Industrial Engineering Building, H. B. 655.

Upon motion of Senator Bricker, seconded by Mr. Ketner, the above recommendations of the Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board and pursuant to legal advertisement, has received bids and approved the award of the following contract and now recommends that the action of the Cabinet be approved by the Board of Trustees. A detailed tabulation of said bids is on file in the offices of the Auditor of State and the Director of Physical Plant and is included in the records of the University Cabinet.

Coal Handling Equipment for Power Plant

Webster Manufacturing Company\$37,765.10
 To be paid from G-31-1 Power Plant Equipment,

Upon motion of Mr. Kettering, seconded by Senator Bricker, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet

was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the following recommendation:

At the March 20, 1950 meeting of the Board of Trustees, authority was given to enter into a contract with Sims, Cornelius and Schooley for professional services in connection with construction of the Field House at a fee of 4½ per cent. This fee has now been renegotiated at 4 per cent and the cost of these services is estimated at \$16,000.00. In July the Board approved the employment of Clyde T. Morris as Consultant in connection with the design of the steel structure for the Field House at a fee not to exceed \$2,000.00.

The University Cabinet has now approved a contract with Burgess and Niple, Civil Engineers, to conduct a complete topographical survey of the area surrounding the proposed site of the Field House at a fee not to exceed \$500.00, and now requests that the Board of Trustees give authority for such a contract.

In order to provide the necessary funds for these contracts, plus an additional \$3,500.00 for services in the University Architect's Office in connection with this project, a transfer of \$22,000.00 from Rotary 804 (funds to be provided by the Athletic Department) to G-2-G Field House, H. B. 654, is also requested.

Upon motion of Mr. Ketner, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

Senator Bricker offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of the Ohio State University that there be called for redemption on December 15, 1950 Women's Dormitory Construction Revenue Bonds in the amount of \$13,000.00, being bonds Nos. 38 through 50 inclusive, and that the Business Manager be directed to notify in writing the State Teacher's Retirement System of this intention to redeem these bonds.

The above action is in accordance with Article Five, Section 13, of the Indenture approved November 5, 1938.

This motion was seconded by Mr. Thompson, and upon roll call was unanimously approved.

Mr. Kettering offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of the Ohio State University that there shall be repaid to the Treasury of the State of Ohio on December 15, 1950, a portion of the \$500,000.00 Dormitory Construction Loan (Stadium) amounting to \$17,500.00, or half of the required annual payment.

The above action is in accordance with the provisions of House Bill 477 for Dormitory Construction passed by the Legislature July 6, 1945 and approved by Governor Lausche on July 18, 1945.

This motion was seconded by Senator Bricker and upon roll call was unanimously approved.

The Vice President and Business Manager presented a proposed Agreement between the Ohio State University and Ohio Wesleyan University relative to further co-operative use of the facilities of Perkins Observatory. The Agreement contains the following terms and provisions:

1. This Contract shall continue for the term of one (1) year, beginning September 1, 1950 and ending August 31, 1951, provided, however, that it shall automatically be renewed for one year, year after year, unless and until either of said parties delivers to the President or Vice President of the other party a written notice that the Contract will not be renewed, or further renewed, whereupon the Contract shall terminate at the end of the Contract year in which the notice was given, provided, however, that, if said notice be given less than six months prior to the end of the Contract year, the termination shall be at the end of the next Contract year.

2. Ohio Wesleyan will retain the income of its Endowment Fund for the purpose of securing a highly qualified Professor to teach Astronomy at Ohio Wesleyan, and to serve as a member of the Staff of the Observatory.

3. Ohio State will pay to Ohio Wesleyan the sum of \$400.00 per month as a rental for the use of the facilities of the Observatory. Ohio Wesleyan agrees to use this sum for all major or permanent improvements at the Observatory.

4. Ohio State further agrees to pay for all operational expenses including janitor services, heat, light, power, water, and other departmental expenses within the limits of the available University funds.

5. Ohio Wesleyan will pay the costs of insurance on the property.

6. All the Instructors, Professors and Research Associates shall be accredited to both Ohio State and Ohio Wesleyan in their respective catalogues.

7. All books, serials and periodicals acquired by the Observatory since May 16, 1935 are and will be the property of Ohio State. All books, serials and periodicals acquired by the Observatory before May 16, 1935 remain the property of Ohio Wesleyan. The use of the Observatory library is subject to all rules and regulations current in

other Ohio State libraries. The faculty and students of Ohio Wesleyan may use the Observatory library subject to the approval of the Director of the Observatory.

8. Any new or additional equipment furnished the Observatory by Ohio State may be removed by it at any time or at the termination of this Contract.

9. The Chairman of the Department of Physics and Astronomy of the Ohio State University will make recommendation through the regular channels covering the appointment of a Director of the Observatory.

10. The operations of Ohio Wesleyan and Ohio State under this Contract shall be controlled and directed by a Joint Committee of six persons, three from Ohio State and three from Ohio Wesleyan. The respective Presidents shall be members of the Joint Committee, and each President shall appoint two other persons to be members of the Joint Committee. Meetings of the Joint Committee are to be called by the President of Ohio State at the end of each academic year, or as often as need be.

Upon motion of Mr. Kettering, seconded by Senator Bricker, the above contract was approved by unanimous vote and President Bevis was authorized to sign the Agreement for and on behalf of the Ohio State University.

The Vice President and Business Manager recommended to the Board that the following transfers be approved:

- (a) \$98,283.10—\$50,000.00 from Rotary 15991 and \$48,283.10 from Rotary 12879, to G-2-K Addition to and Remodeling of Hamilton Hall, Remodeling of Starling-Loving Hospital and Equipment, H. B. 655, for the purchase of equipment for the College of Medicine in remodeled Hamilton Hall.
- (b) \$1,002.29—from Rotary 12879 to G-2-L Agricultural Laboratory and Equipment, H. B. 654, to provide for two extras to the Electrical Contract for the Agricultural Laboratory Building.
- (c) \$5,000.00—from Rotary 12001, to G-2-B Optometry Building and Equipment, H. B. 654, to provide for extras to contracts for the Optometry Building.

Upon motion of Senator Bricker, seconded by Mr. Pomerene, the above transfers were approved by unanimous vote.

* * * * *

General Dargusch offered the following motion and moved its adoption:

It is the sense of the Board that prompt and immediate action be taken to secure a competent and trained Business Manager for the new Hospital and that definite recommendations be made not later than the next meeting.

This motion was seconded by Mr. Pomerene, and upon roll call was approved by unanimous vote.

Director of Athletics Richard C. Larkins and Dr. Wendell D. Postle, Western Conference representative, now came into the meeting to discuss with the Board the matter of televising football games.

They also informed the Board on the present thinking of the Western Conference and the National Collegiate Athletic Association and will report to the Board on the actions which may be taken by these two organizations at their coming meetings.

* * * * *

General Dargusch now reported to the Board on the recent meeting of the Association of Governing Boards of State Universities and Allied Institutions, held at Charleston, South Carolina, which he attended as the representative of this Board.

Vice President Hatcher presented the following statement:

The Ohio State University has a unique position in the field of geodesy, photogrammetry and cartography. Extensive research projects are being carried on here under contracts through the Research Foundation. They are directed by Professor George Harding who has brought to the campus for this work the top leaders in the world in this field.

The need for trained men in this scientific area is acute. No school in the nation has a program of study designed to fit men for this work. We have been offering some work toward this end in the various separate fields, but it has not been coordinated into a central program that would provide a basis for an undergraduate major and a graduate degree. We have had representations from the U. S. Geodetic Survey, from the Armed Forces, from Canada and South America on the great need for a program in this field with the added indication that The Ohio State University is the logical place for its development.

A faculty committee has studied the problem at some length and has proposed a rather simple solution which has been reviewed by the Council on Instruction, the Graduate Council and the Faculty Council and is recommended by these bodies. The proposal is that we create an Institute of Geodesy, Photogrammetry and Cartography for the purpose of coordinating the work in these various areas and concentrating it into a distinguished program leading to the doctor's degree.

At the conclusion of Vice President Hatcher's report, President Bevis presented the following recommendation:

That upon the recommendation of the Faculty Council at its meeting held on November 14, 1950, an Institute of Geodesy, Photogrammetry and Cartography be established.

Upon motion of Mr. Kettering, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

President Bevis now reported to the Board the death of Lynn W. St. John, Professor Emeritus of Physical Education and Athletics. In accordance with the recommendation of the Board of Trustees, a copy of the resolution expressing, on behalf of the University, the sorrow and sympathy of the Board has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow in the death of Lynn W. St. John, Professor Emeritus of Physical Education and Athletics. His death on September 29, 1950, at the age of 73 removed one of the last of those builders of the

greater University who began their service during the administration of President William Oxley Thompson.

Following the admission of the University to the Western Conference in 1912, Director St. John was brought back to the campus as manager of athletics, head basketball and baseball coach and football line coach. A dozen years earlier he had been a student here for a brief period, but was compelled to withdraw for financial reasons. In the interim he had coached and taught at Fostoria High School, the College of Wooster and Ohio Wesleyan University. In 1913 he was appointed Athletic Director and Head Football Coach. In 1915 he was also made Director of Physical Education with responsibility for both the men's and women's divisions.

Under his directorship, the University won its first mythical Western Conference football championships in 1916 and 1917, nearly won another in 1919, and achieved a third in 1920. It was out of the enthusiasm engendered by these accomplishments that the Stadium campaign was launched, and the Stadium era actually began in 1922. Under his guidance there were constructed in the space of a few years such other major facilities as the women's gymnasium in Pomerene Hall, the men's Physical Education Building, the Natatorium, and, in time, the 36-hole Golf Course.

The planning and the building of these facilities are only part of the St. John story. All the while these were in the making he was strengthening the physical education and athletic staffs and working for the steady improvement and enlargement of the dual program. Of particular importance was the adoption of a sound professional program in physical education with a degree in Education. As a result of this action, Ohio State graduates are directing physical education and athletic programs in High Schools and Colleges throughout the United States.

Mr. St. John soon established himself as an important figure in the Western Conference. In time his influence, and through him that of the University, was extended similarly to the National Collegiate Athletic Association, the National Basketball Committee, the American Olympic Association, and other related agencies. The prominent part he played in these organizations is attested by the high offices he held and the long periods for which he held those offices. During World War II he was a member of the Advisory Council on Physical Training for Naval Aviation. From 1944 to 1947 he was regional adviser to the American Commission for Living War Memorials. Professionally, he was a member of the College Physical Education Association and of the American Association of Health and Physical Education.

But, while these functions and accomplishments were the visible signs of his leadership, it was the inherent qualities of the man himself that stamped him for what he was and gave unusual significance to his long service to the University. He contributed immeasurably to its permanent progress and by his example and influence added greatly to its reputation and stature. On behalf of the entire University the Board of

Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

President Bevis now reported to the Board the death of Samuel Eugene Rasor, Professor Emeritus of Mathematics. In accordance with the recommendation of the Board of Trustees, a copy of the resolution expressing on behalf of the University, the sorrow and sympathy of the Board has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow in the death of Samuel Eugene Rasor, Professor Emeritus of Mathematics, on October 17, 1950. A graduate of The Ohio State University in 1898, he received his M.A. here in 1902. He also earned a Master of Science at the University of Chicago in 1906. He studied at the University of Berlin in 1910-11. In 1899-1900 he taught at Amity College in Iowa and then returned to Ohio State to begin a career of teaching and service that was to extend over the next fifty years. He became Professor of Mathematics in 1912 and Professor Emeritus in 1943. Even after his retirement he continued to serve part time on the teaching staff.

Professor Rasor was well-known in the field of mathematics. For many years he was active in the American Mathematical Society and the Mathematical Association of America, participating in regional and national meetings of these organizations. He belonged to A.A.A.S., Sigma Xi, and Alpha Tau Omega. He was the author of three textbooks in mathematics.

Professor Rasor gave unstintingly of his time to the University and the community. He served on the University Entrance Board, the Executive Committee of the College of Arts and Sciences, and the Arts College Committee on Deferment during World War II. He represented the College of Agriculture in the Department of Mathematics and was Secretary of the Department. Professor Rasor held the position of Examiner for the State Medical Board and for many years was a deacon in the First Congregational Church. He was earnest, hard-working, and conscientious in all that he did and he cooperated splendidly with his colleagues. He was always ready to undertake more than his full share of the work to be done.

Professor Rasor was unusually devoted to the students at our University. His unfailing good humor and sympathy kept a steady stream of students coming to his door long after his retirement from the classroom. He leaves behind a multitude of grateful students, whose lives are enriched by having known him, and a living memorial in the form of a scholarship in mathematics set up in 1943 by Professor and Mrs. Rasor.

On behalf of the entire University the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

11-20-'50

Thereupon the Board adjourned to meet December 11, 1950 at 9:30 a. m. at the University.

That the following miscellaneous recommendations be approved:
That Professor J. B. Brown of the Department of Physiological

Chemistry and Pharmacology be designated as the Director of the Institute of Nutrition and Food Technology for a term of four years, beginning October 1, 1950. Professor Brown succeeds Professor T. Scott Sutton who has resigned.

That leaves of absence, with salary, for the following members of the Agricultural Extension staff be granted:

Imogene Dean, Home Demonstration Agent, Geauga County, for the period February 1 to June 15, 1951 to complete her work toward a Master's degree at Columbia University;

Fred R. Marti, Associate County Extension Agent, Holmes County, for the period January 1 to March 15, 1951, for graduate study in the College of Agriculture at The Ohio State University;

Franklin R. Greeneisen, County Agricultural Agent, Union County, for the period January 1 to March 15, 1951. Mr. Greeneisen will conduct a study on progress of soil conservation work in Union County in cooperation with The Ohio State University;

Chauncey E. Wilson, Visual Aids Specialist, for the period January 1 to May 31, 1951. Mr. Wilson will study commercial art and allied subjects at the Chouinard Art Institute, Los Angeles, California;

Betty J. Brooks, Assistant State 4-H Club Leader, for the period February 1 to June 15, 1951 for graduate study in Extension Education at Cornell University;

George B. Ganyard, County Agricultural Agent, Franklin County, for the period January 1 to March 15, 1951, for graduate study in Extension Education at The Ohio State University;

Mary Ellen Miller, Home Demonstration Agent, Highland County, for the period January 1 to March 15, 1951, for graduate study in Home Economics at The Ohio State University;

Chester N. McGrew, County Agricultural Agent, Richland County, for the period February 1 to June 15, 1951 for advanced study in Agricultural Education at the University of Wisconsin;

Berman Ross, County Agricultural Agent, Warren County, for the period January 1 to March 15, 1951, for advanced study in Agronomy, Agricultural Economics and Dairy at The Ohio State University;

Betty Jane Fonner, Home Demonstration Agent, Washington County, for the period February 1 to May 31, 1951, for graduate study at Columbia University.

That the amount allocated to The Ohio Journal of Science from H-8 Contributions for the fiscal year ending June 30, 1951 be increased from \$1,000.00 to \$1,300.00;

That the agreement between The Ohio State University and the Ohio Farm Electrification Council, providing for a cooperative program, be approved;

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

From the Development Fund

\$494.35 for the Alumni Endowment Fund

\$300.00 for the College of Law Alumni Scholarship Fund

From other sources

\$200.00 from the Ohio Federation of Women's Clubs for the
Pan-American Scholarship—Rotary 11583

That the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

The Velsicol Corporation, Chicago, Illinois—Investigation of insecticidal and fungicidal properties of chemical compounds (to be known as The Velsicol Corporation Research Project No. 329—Zoology and Entomology);

Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of literature survey (to be known as the Air Materiel Command, Wright-Patterson Air Force Base Research Project No. 319—Chemistry);

President Bevis and Vice President and Business Manager Taylor now informed the Board of the progress being made in the purchasing of equipment for the Medical Center.

Vice President Stradley presented a preliminary report on the study being made of the proposed use of the old Ohio Union building when the new Union building is completed.

Dr. Stradley also advised the Board on the progress being made in the matter of Civil Defense.

* * * * *

President Bevis presented the following statement:

Pursuant to the instructions of the Board at the last preceding meeting, after consultation with the President and Vice President Hatcher, Dr. Doan pursued his negotiations with active prospects for the position of Manager of the University Hospital. As a result Dr. Doan recommended Mr. Stanley Ferguson.

Mr. Ferguson graduated in 1932 from the University of Chicago, taking his major work in Accounting and Commerce. After some three years of service in business, he was employed by the Lying-In Hospital in Chicago in managerial capacity and continued this type of service for several years, during which time the Lying-In Hospital was amalgamated with one or more similar institutions in Chicago. He did a tour of service in the Armed Forces during World War II, likewise in hospital management.

Some two years ago he took service with the Cleveland General Hospital, of which he has since that time been Manager. He came to the campus for conferences, and Mr. Taylor, Dr. Doan and the President, each, had one or more extended meetings with him.

The President stated: "He impressed us all favorably and on Dr. Doan's recommendation, I am prepared to recommend his employment

at a salary of \$14,000.00. He was not, however, when he left here, prepared to say whether he would leave his present employment, which he said was entirely satisfactory to him."

Accordingly, it was moved by General Dargusch, seconded by Senator Bricker, and unanimously carried that the proper administrative officials be authorized to continue negotiations with Mr. Ferguson and to employ him as Manager of the University Hospital at a salary not to exceed \$15,000.00, provided he was willing to accept such employment.

President Bevis now presented the following statement concerning the Budget of Requests for the Biennium beginning July 1, 1951, which is to be presented to the Governor and Legislature:

Budget Request

The asking figures of the several universities including Ohio State to be presented to the Governor and the forthcoming session of the State Legislature have been considered and agreed upon in the Inter-University Council. Apropos of a statement in the public press quoting the Governor to the effect that new ventures in the offices, departments and institutions of the State should not be begun at this time, it is pertinent here to observe that, with the exception of the Medical Center, we have no new ventures or enterprises in our budget. The Medical Center can not properly be regarded as a new venture, but funds for its operation and maintenance will appear in our asking at this Legislature for the first time. There are almost no new positions. With the exception of a few necessitated by the opening of the Medical Center and the expansion of our teaching in medicine and one or two in the College of Education where the need is urgent, we have none.

We shall endeavor to present the asking for the operation of the Medical Center as an item separate from the normal educational budget of the University. It is, of course, a necessity that the appropriation for this purpose be made to the University and the funds appropriated will have to appear in their proper places in our part of the appropriation bill, but we shall endeavor to identify and separate these items so that the asking for the Medical Center will stand out separately.

We have experienced a considerable decline in enrollment from our peak of 25,456 and shall probably have a further decline during the progress of the next biennium. As rapidly as class sections could be closed, we have lessened the numbers of our teaching force and the saving in teaching positions since the period of the peak approximates a million dollars.

The progress of the veterans and other students in the University has now reached the point where our freshman and sophomore classes are what might be termed normal, but the larger than normal groups are in the junior, senior, graduate and professional schools. This fact diminishes the possibility of a proportionate decline in teaching numbers in the next biennium. Classes in these upper areas are smaller and particularly in graduate work will be continued with lesser numbers than would be tolerated in the freshman and sophomore classes. The type of instruction required is more mature and relatively more

expensive and is carried on with teachers having tenure. Much of our peak load lower class work was handled by teachers employed on a temporary basis.

It is, we think, possible still further to decrease the number of teaching positions, but the saving to be expected will probably not exceed one quarter of a million dollars.

The increased cost of living has borne as heavily upon University people as upon others. Statistical studies indicate that making allotments for increased prices the purchasing power of industrial and commercial workers in various lines has increased over that of 1940 by about 20 per cent. Whereas their index stands at approximately 120, the corresponding index figure for faculty people in the universities is slightly over 80.

At The Ohio State University such pay increases as we have been able to give our teaching force thus far have been mainly given in the lower ranks, instructors, assistant professors, etc. The high ranks have received relatively little.

In comparison with the other universities of similar character those in the Western Conference for example, our average pay scales are at the bottom of the list. Wisconsin and Indiana, for example, now have higher average rates than we.

In view of the financial position of the State and the demands which are sure to be made through the Legislature upon the Treasury, it seems unwise, indeed impossible, to ask for horizontal raises throughout the teaching force. We think it mandatory, however, that increases on a selective merit basis be asked for at this time. We have not thus far suffered serious inroads on our faculty by other schools, but a continued unfavorable differential must inevitably affect our comparative standing.

Our maintenance requests must be somewhat larger this time for several reasons. Our new buildings add about 40 per cent to the total cubage of the University. This will necessitate additional heat, light, power, janitor service, etc. The cost of living has already brought about mandatory raises in the pay of some of our people and this will probably be increased. We are experiencing severe trouble now in keeping certain classes of our employees because of the considerably higher pay available to them in off-campus employment.

The additional provision we propose making to our retirement system and the automatic addition of some \$240,000.00 in our Civil Service compensation still further add to our prospective cost.

The arithmetical summation of the foregoing leads to an increase of something more than 8 per cent over the amounts which we spent in the last fiscal period.

A request for more money in the face of decreasing enrollment presents great difficulties. However, our request is considerably less than that of any of the others of the state universities in Ohio which range from 113 per cent to 130 per cent over the last period. According to our information, the other offices and departments of the State are presenting requests considerably higher in proportion than those of the state universities.

It is our considered judgment, therefore, that we ought to acquaint the Governor and the Legislature with our considered needs. These needs, of course, will have to be considered in conjunction with

those presented to the Legislature by all of the other State agencies. We shall energetically sustain our case and of course abide by the final result.

The story of our asking for buildings can be simply stated. At the last Legislature the several state universities presented a joint request which totaled approximately 34 million dollars. Of that amount The Ohio State University's share was about 18½ million dollars. The Legislature appropriated a total of 7½ million dollars, of which our share was 3½ million dollars.

We are therefore presenting to the Legislature again the part of that building program for which no appropriation was made, totaling approximately 27 million dollars. Of this total Ohio State's share is something over 14 million dollars.

The precise uses to which we may put whatever is appropriated will depend in considerable measure upon the amount received. The Board of Trustees has indicated two priorities: first, that for Veterinary Medicine and second, that for better housing for the Law School. Into this picture must also come consideration of some additional building for the housing of Civil Engineering. Solely on the ground of inadequate space this department is threatened with loss of accreditation.

In view of the condition of the State Treasury it is unlikely that our request will be granted in full measure. We shall earnestly press for the most that can be obtained and we hope that at least the first priorities may be satisfied.

Upon motion of Senator Bricker, seconded by Mr. Pomerene, the Board by unanimous vote approved the Budget of Requests as presented.

* * * * *

Referring to the regulations relating to Group Insurance, General Dargusch moved that Group Insurance shall be carried for 30 days after the entrance of a staff member on active duty in the Armed Forces, and shall be terminated at the expiration of that period.

This motion was seconded by Mr. Pomerene and upon roll call was unanimously approved.

<i>Proposal 4</i>			
Electrical Contract	\$ 2,875	\$ 3,974.00	\$ 3,075.00

It is noted that the low bids are, in every case, much in excess of the estimates of cost filed with the Auditor of State. The low bids for the General and Plumbing Contracts are so excessive as to make the totals nearly twice the amount of the total estimates of cost.

It is the recommendation of the Cabinet that the project not be executed in its present form and that the Director of Public Works be requested, on behalf of the Board of Trustees, to reject all bids received on November 22nd.

It is the further recommendation of the Cabinet that the plans and specifications for this project be revised and materially reduced and that the Controlling Board be requested to permit the publication of an invitation for new bids by a single advertisement in the manner provided by law.

The revised estimate of cost for Remodeling of the Utilities Building for use by the College of Veterinary Medicine is \$25,000.00, payable from F-1 Building Repairs, H. B. 654.

Upon motion of Mr. Ketner, seconded by Mr. Kettering, the above recommendations of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager recommended to the Board that the following transfers be approved:

- (a) \$4,000.00—from Rotary 12001 to G-2-G Field House, H. B. 654, for the purpose of architectural and supervisory work in connection with the Field House project.
- (b) \$375,000.00—\$192,000.00 from Rotary 12747 and \$183,000.00 from Rotary 12879 to G-2-A Ohio Union Building and Equipment, H. B. 654, for equipment and extras.

Upon motion of Senator Bricker, seconded by Mr. Ketner, the above transfers were approved by unanimous vote.

The Vice President and Business Manager reported that he had held a conference with the Director of Physical Plant relative to the shortage of skilled workers in the various crafts represented in the Service Department of the University. It appeared quite likely that, due to the quickening of the pace of rearmament, this shortage might be increased and the work of the University impaired thereby. As a result of that conference and with the concurrence of the President, the Vice President and Business Manager now recommended that the employees at the Physical Plant engaged in work of the various crafts be increased in salary in the amount represented by the next step in

the classification scale, the total for all of these employees not to exceed \$25,000 for the first six months of 1951.

Upon motion of Senator Bricker, seconded by Mr. Pomerene, the above recommendation was approved by unanimous vote.

General Dargusch called the attention of the Board to the action taken June 11, 1945 with reference to the retirement allowance for Mr. Carl E. Steeb, wherein the words "retirement allowance" should have been used instead of the word "salary."

General Dargusch then moved that said action be amended to read as follows:

That effective July 1, 1945, Mr. Carl E. Steeb be given the title of Business Manager Emeritus, that his retirement allowance be fixed at \$5,000 a year and that he be allowed to continue to live in his present residence. A rental of \$1,000 per year is to be counted as a part of the retirement allowance as well as the annuity due him from the State Employees' Fund. The total amount of \$5,000 therefore will be made up of the following items:

Rental of house.....	\$1,000.00
State Employees' Annuity	1,212.00
Supplementary contribution by University	2,788.00
	\$5,000.00

This motion was seconded by Mr. Kettering and upon roll call was approved by unanimous vote.

General Dargusch offered the following resolution and moved its adoption:

In view of the recent recommendations made to the Board of Trustees with respect to the retirement program, particularly (1) the handling of the 2.4 payment in the case of those who are already covered by the retirement program, and (2) the handling of the 6.4 payment in the case of those who are not covered by the retirement program.

BE IT RESOLVED, that the 2.4 per cent payment in the case of those who are already covered by the retirement program be deposited with the Vice President and Business Manager for the period January 1 to June 30, 1951, and in the case of those members of the teaching staff who are not covered by the retirement program that the entire 6.4 per cent payment be deposited with the Vice President and Business Manager for the period January 1 to June 30, 1951; that on June 30, 1951 or prior thereto, the Board of Trustees determine the disposition of the fund so deposited in accordance with the rules governing the University's Retirement Program.

This motion was seconded by Mr. Pomerene and upon roll call was unanimously approved.

		<u>\$19,296</u>

That the following leaves of absence, without salary, be granted:

Rhoads Murphey, Assistant Professor in the Department of Geography, for the Winter Quarter 1951.

Coretta Mitchell, Instructor in the School of Fine Arts for the Winter Quarter 1951, on account of illness.

Belva M. Hostettler, General Duty Nurse, Starling-Loving Hospital Nursing Care, Rotary 13727 from December 23, 1950 to January 2, 1951.

Eileen A. Elwer, General Duty Nurse, Starling-Loving Hospital, Nursing Care Rotary 13727 from December 9, 1950 to December 18, 1950.

That the sum of \$11,686.30 be transferred from the Chemistry Department Shop Rotary 13126 to Chemistry Department Research Rotary 11127 for the purpose of conducting research on the properties of matter at liquid helium temperatures.

That Leroy E. Johnson, Assistant Professor of Veterinary Surgery in the College of Veterinary Medicine, be granted permission to surrender for cash the annuities he holds with the John Hancock Life Insurance Company, as of September 30, 1950, with the agreement in writing from him that he understands he will not be given credit for the period October 1, 1947 through September 30, 1950 when his retirement benefits are computed at the time of his retirement.

Through a misunderstanding, Dr. Johnson did not understand that it was his responsibility to continue payments during his leave of absence without pay, January 1, 1949 through September 30, 1950. While on leave he studied at the University of Minnesota where he earned a Ph.D. degree. Upon his return, Dr. Johnson stated that it is financially impossible for him to pay the back premiums amounting to \$264. The John Hancock Life Insurance Company has prepared papers permitting him to surrender his annuities, which papers need the approval of the Board of Trustees. It is further understood by Professor Johnson and agreed to by the John Hancock Life Insurance Company that he will resume payments on annuities and will participate in the University Retirement Plan starting as of October 1, 1950.

Upon motion of General Dargusch, seconded by Mr. Pomerene, the Board by unanimous vote approved the above recommendations.

The President presented the following statement and recommendation relating to the utilization of the University plant in case of war emergency:

The continued deepening of the national emergency has given the administration continued and increasing concern. The registration figures for the current quarter, while disclosing some decrease apparently due to war psychology, are not yet in themselves alarming. The trend, however, is easily discernible and by the fall of 1951 it seems likely that normal registration will be considerably reduced.

Both in the national interest and in that of the University itself, we believe the University's capacities should be employed to their best advantage.

We have already a large and varied research program, some of it of great strategic importance, and I feel sure our various departments will be called upon for significant work. It seems likely that we shall also be called upon to render various types of teaching service in connection with the war effort. We shall have available our expanded University plant and equipment and the personnel of our teaching force. Some members of the teaching staff undoubtedly will be called into service but it is important that the essential remainder be kept available for such work as may be assigned us.

For some little time, therefore, we have been actively engaged in appraising the capacities of the University and shall soon have a current statement of these capacities assembled. To this end, the University has instituted a searching study and I have appointed an over-all committee to consider and coordinate the analysis. The committee at its core consists of the Vice Presidents and the Assistant to the President.

The survey will cover all aspects of the University's potential in the mounting and extended emergency. There are at least five important areas of consideration:

- 1) Research and graduate training.
- 2) Present military training programs now operating under the three ROTC units.
- 3) The health sciences and professions.
- 4) The undergraduate programs.
- 5) Housing and physical facilities.

Special service committees will make immediate and exhaustive analyses of these various potentials and report to the central committee. This coordinated study will make specific the nature and extent of the University's wide resources for usefulness in the total national program as it evolves during the next several months. What-

ever form this national program may finally take, the University believes that the services which it can perform can and should be a vital and integral part of the whole. The University is already engaged in extensive research directly related to the emergency defense needs of the nation and is admirably fitted to extend this work as it may seem best to the Department of Defense.

We have called into consultation the Commandants of the several ROTC's on the campus who will work actively with us.

It is our intention to bring our University capacities as persistently as possible to the notice of those agencies of Government which may be concerned. We want to secure for the University the assignments which we can best fulfill.

The most obvious limitation upon our capacity is housing. Our situation in this respect is very much better than it was at the beginning of World War II both with regard to beds and feeding. However, the housing remains the weakest part of our equipment.

We have taken up the matter at a meeting of the Housing Council and it has agreed that if in the future the emergency warrants it, we should be prepared to tender to the Government whatever part of our housing facilities it may desire to use.

Should the emergency be of long duration, it seems quite likely that permission for the construction of additional dormitory facilities could be obtained. It is not impossible that Federal assistance might be secured in the construction of such dormitory facilities. Meantime, at shorter range, we think we should be prepared to make available whatever we have.

Specifically, if necessary, we should be prepared to turn over, at any time, any or all of our housing facilities including Baker Hall.

I should like to have the Board's authority for this through appropriate action.

Upon motion of General Dargusch, seconded by Mr. Thompson, the Board by unanimous vote authorized the President to carry forward the ideas outlined above, and especially the plan to bring to the attention of the proper Government agencies the capacities of the University to assist in the expansion of the present military programs under the three ROTC Units.

* * * * *

The Vice President and Business Manager presented the following statement and recommendation:

On authority of the Board of Trustees, the University Cabinet met on December 18, 1950, for the purpose of opening bids for Landscaping and Site Improvement for New Buildings. A detailed tabulation of said bids is on file in the offices of the Auditor of State and the University Architect and is included in the records of the University Cabinet.

It should be noted that since the bid of the Burwell Nurseries was not received until 2:10 P.M., and since the bond accompanying that bid was less than the total amount of the bid, it is the recommendation of the Cabinet that the Burwell bid not be considered in computing the awards of contracts.

The total of the low bids is \$58,976.42 as compared to the total estimated cost of the several proposals of \$60,600.00. Sufficient funds are, therefore, available for the award of the aggregate amount of the bids although the amounts of certain of the low bids are in excess of the estimates of cost for those particular proposals. The competition represented by these bids is satisfactory and, in the opinion of the University Architect, no lower bids would be received if the project were re-advertised.

It is, therefore, recommended that a tabulation of proposed awards be made as indicated below:

<i>Proposal</i>	<i>Low Bidder</i>	<i>Amount of Bid</i>	<i>Amount of Estimate</i>
No. 1			
Commerce Side- walks, etc.	George Sheaf & Co.....	\$ 1,486.00	\$ 500.00
No. 2			
Electrical Engineer- ing Sidewalks and Grading	George Sheaf & Co.....	2,960.00	2,500.00
No. 3			
New Student Union Sidewalks and Grading	Haig M. Boyajohn and Associates	20,600.00	25,000.00
No. 11			
Planting for six Buildings	Schmidt Bros. Nursery..	28,022.91	25,600.00
No. 12			
Planting for New Student Union	Schmidt Bros. Nursery..	5,907.51	7,000.00
Totals		\$58,976.42	\$60,600.00

The Cabinet recommends that the Controlling Board be requested to grant permission to award Proposals 1 and 2 to George Sheaf and Company for the sum of \$4,446.00 and Proposals 11 and 12 to Schmidt Bros. Nursery for the sum of \$33,930.42, notwithstanding the fact that these amounts are in excess of the estimates of cost filed with the

Auditor of State. If this request is granted, it is further recommended that awards be made as authorized by the Board of Trustees, and that the Director of Public Works be requested to execute proper contracts accordingly and the amounts of the contracts charged to funds made available in G-32-1 Roads, Walks, Tunnels, Utility Lines, Site Improvement and Landscaping for Buildings under Construction, H. B. 655.

Upon motion of General Dargusch, seconded by Mr. Pomerene, the above recommendations were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board and pursuant to legal advertisement, has received bids and approved the award of the following contract and now recommends that the action of the Cabinet be approved by the Board of Trustees. A detailed tabulation of said bids is on file in the offices of the Auditor of State and the University Architect and is included in the records of the University Cabinet.

Additional Partitions in Main Library Addition

H. M. Boyajohn & Associates.....\$4,882.00

To be paid from G-2-8 Addition to Library, H.B. 655

Upon motion of General Dargusch, seconded by Mr. Pomerene, the above action of the Cabinet was approved by unanimous vote.

* * * * *

The Vice President and Business Manager presented the following statement and recommendation:

On January 4, 1951, pursuant to legal advertisement, bids were received for the following Power Plant equipment:

	<i>Low Bid</i>	<i>Estimate</i>
1. Insulation of Piping for New No. 5 Boiler and No. 1 Turbine Including Necessary Auxiliaries	\$ 17,638	\$ 28,000
2. Piping for New No. 5 Boiler and No. 1 Turbine Including Necessary Auxiliaries	194,400	160,000
3. Foundations and Steel Work for No. 5 Boiler and No. 1 Turbine with Necessary Appurtenances Including Removal of Present Old Boiler and Turbine	318,305	243,500
Total	\$530,343	\$431,500

No bids were received on the Electrical Equipment and Wiring for the Boiler and Turbine due to the fact that material dealers had not been able to supply bidders with necessary information concerning material prices before the bidding date. It is planned to ask the State Board of Control for permission to advertise on a 10-day basis for the Electrical Equipment and Wiring. The revised estimated cost of the Electrical Equipment and Wiring is \$80,000. The estimated cost of Installing the Turbine on New Foundations is \$15,000. The additional Engineering fees required are estimated at \$10,000. The total of all of these items, including the Power Plant Equipment already bid, is

\$635,343.00. Two factors are important in considering this amount. One is that it is \$143,825 over the balance in G-31 Power Plant Equipment. The second is that the low bid already received for Power Plant Equipment is \$109,205 in excess of the estimate of cost filed with the Auditor of State.

It should be pointed out that the Boiler and Turbine have already been purchased and the amount of money required at this time is for the installation, including foundations and other appurtenances. It should also be pointed out that this is the concluding step in the current phase of the Power Plant development. The facilities included herein have been counted upon heavily to serve the additional cubage which has been constructed on the campus during the current building program. It is the firm belief of the Director of Physical Plant that no better bids will be received were the current bids to be rejected and new bids taken. Therefore, the alternative remaining is either to award the contract on the basis of the present bids or to abandon the project, at least for the time being. The University Cabinet is of the opinion that it would be far wiser to proceed with the project on the basis of the current bid. Therefore, on behalf of the Cabinet, this request is made for permission to request the Director of Public Works to execute contracts with the low bidders for the Power Plant Equipment enumerated above, notwithstanding the fact that the low bids are in excess of the estimate of cost filed with the Auditor of State. Further, in order to complete this phase of the work, as well as those projects yet to be bid, as enumerated above, it is requested that a transfer of \$143,825 be made from Rotary 12879 to G-31-A Power Plant Equipment, H. B. 654, and to seek favorable action from the State Controlling Board for these proposals.

Upon motion of Mr. Pomerene, seconded by General Dargusch, the above recommendations were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

79—approved extra to Huffman-Wolfe Company in the amount of \$3,220.36 for revision in Heating Contract to provide for use of condensate as supply for desuperheater pump, Medical Center.

84—approved award of contracts over Architect's estimates for Landscaping and Site Improvement for New Buildings.

85—approved transfer and release of \$100,000 from Rotary 12879 to G-2-F Health and Medical Center, H. B. 654, for equipment purchases.

* * * * *

The Vice President and Business Manager reported for the record the following purchases from equipment appropriations:

Agricultural Laboratory Equipment

Brown-Morse Company	\$ 44,224.15
E. H. Sheldon and Company	104,849.10
(To be paid from G-31-6 Equipment for Buildings under Construction, H. B. 655)	

Equipment for Medical Center

John W. Fillman Company.....\$ 18,869.68
 (To be paid from G-31-7 Equipment for Medical Center,
 H. B. 655)

* * * * *

The Vice President and Business Manager recommended to the Board that the following transfers be approved:

- (a) \$100,000—from Rotary 12879 to G-2-F Health and Medical Center, H. B. 654, for the purchase of equipment for the Medical Center.
- (b) \$ 3,104—from Rotary 12879 to G-2-10 Agricultural Laboratory and Equipment, H. B. 655, for extras to the project.

Upon motion of Mr. Pomerene, seconded by Mr. Thompson, the above transfers were unanimously approved.

* * * * *

Mr. Pomerene presented the following resolution and moved its adoption:

Whereas, The President's House was constructed on the University campus for the purpose of official residence and entertainment and the holding of public and semi-public functions, and

Whereas, the President of the University was employed upon the understanding that he and his family should, as a part of the President's official duty, occupy and use the said house for the said purpose,

Now, therefore, be it

Resolved, That the foregoing understanding be spread upon the minutes of the Board of Trustees and that residence in, the management of, and the proper use of said house continue to be a part of the official duties of the President of the University.

General Dargusch seconded this motion and upon roll call it was unanimously approved.

Dean Walter R. Krill of the College of Veterinary Medicine appeared before the Board and reported on the work of the College, with special emphasis on the procedures followed in the Ambulatory Clinic.

President Bevis reported to the Board the death of Bertha M. Schneider, Catalog Librarian, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution expressing on behalf of the University, the sorrow and sympathy of the Board has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Bertha M. Schneider, Catalog Librarian of the University Libraries, on December 25, 1950. Miss Schneider was a graduate of The Ohio State University, B.A. 1907. She began her professional work at the University of Illinois Library School in 1908 and was appointed catalog reviser there in the same year, obtaining her B.L.S. in 1910. She was appointed cataloger at the Ohio State Library in 1910 and served a year at this post, then accepted a position at the Ohio State University Library as a cataloger in 1911. She was appointed head cataloger at Ohio State University Library in 1913 and had served since that time with distinction in that capacity.

1-8-'51

In addition to the exacting and difficult work of her duties at the University, she found time and energy for active participation in outside groups of professional and social organizations, among which were the American Library Association, The Association of College and Reference Libraries, The Ohio Library Association, The Music Library Association and the Ohio Valley Regional Group of Catalogers.

She rendered a distinct and valued service to the younger members of the catalog staff and to students who sought vocational guidance and suggestions relating to professional library work. The University Libraries in particular and the University as a whole have sustained a severe loss in the passing of a loyal alumna and a devoted member of the University staff.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, February 12, 1951 at 9:30 a. m. at the University.

President Bevis recommended that Dr. Ralph M. Patterson be appointed Superintendent of Professional Personnel, Columbus Receiving Hospital, and Professor of Psychiatry in the Department of

Neurology and Psychiatry, College of Medicine, at a salary of \$16,704 effective April 1, 1951. Of this amount \$11,700 will be for services as Superintendent of Professional Personnel, Columbus Receiving Hospital, which will be billed to the Department of Public Welfare, State of Ohio, and \$5004 for services as Professor of Psychiatry, Department of Neurology and Psychiatry, College of Medicine.

Upon motion of Mr. Ketner, seconded by General Dargusch, the above recommendation was referred back to the President for further study and then to poll the Board by phone for approval and authority to proceed.

The selection of a head football coach being the next item on the agenda, it was agreed by the members present that, because three members of the Board were unable to attend this meeting, a matter of this importance should have the consideration of a larger representation from the Board, and therefore a special meeting shall be held on Sunday afternoon, February 18, 1951 at 4:00 p.m., to give consideration to this item.

In recent months a position which the Ohio State University is trying to fill has been referred to as the "Coordinator of the Medical Center." Inasmuch as coordination, except in certain operating and maintenance policies, is almost certain to be achieved on the medical level for teaching purposes, it seems obvious that there is no necessity or even desirability of appointing a so-called lay coordinator in the Medical Center area. In reality, what the University is attempting to do is to appoint a Director of new University Hospital who will coordinate his activities with those of the superintendents of the two State hospitals, but not with any line authority over them. The coordination in the Medical Center is not unlike that which exists between Starling-Loving and St. Francis and Children's Hospitals. For teaching purposes, coordination is achieved on the Medical level.

Two candidates are being interviewed at the present time and it seems quite certain that an appointment could be effected next week.

It is recommended therefore that the President and the Vice President and Business Manager be authorized to complete, in cooperation with the Dean of the College of Medicine, the negotiations looking toward the appointment of a Director of University Hospital at a salary not to exceed \$14,000. Any action taken in this matter will be reported to the Board of Trustees at their next meeting for ratification and final approval.

Upon motion of General Dargusch, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

Upon motion of General Dargusch, seconded by Mr. Ketner, the Board authorized the Chairman to appoint a special committee to make a study of the salaries of the principal officers of the University and to report thereon at the next meeting of the Board.

Upon motion of General Dargusch, seconded by Mr. Ketner, the Board unanimously approved the President's recommendation that, in the case of members of the staff who enter upon military

leave during the present emergency, the University will pay the University's share of the supplemental retirement and that charge therefor be made against Interest on Endowment.

The President recommended that the Board of Trustees approve the proposal of the Institute of Genetics, as endorsed by the Graduate Council, to appoint a committee to work in cooperation with the Ohio State University Development Fund for the purpose of seeking the necessary funds for procuring and developing The Mendel Museum, and that the Board express its willingness to accept the collection if and when the arrangements for its presentation to The Ohio State University are completed.

Upon motion of General Dargusch, seconded by Mr. Ketner, the above recommendation was unanimously approved.

The President recommended that the Board of Trustees authorize the President of the University to confer with the Department of Defense concerning such beds and hospital facilities as may be needed and requested by the proper authorities of the Department of Defense and to negotiate any necessary contracts with the Department of Defense for these facilities and to report such negotiations back to the Board of Trustees for its action.

Upon motion of General Dargusch, seconded by Mr. Thompson, the above recommendation was approved by unanimous vote.

Upon motion of Mr. Thompson, seconded by Mr. Ketner, these recommendations of the Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board and pursuant to legal advertisement, has received bids and approved the award of the following contracts and now recommends that the actions of the Cabinet be approved by the Board of Trustees. A detailed tabulation

of said bids is on file in the offices of the Auditor of State and the University Architect and is included in the records of the University Cabinet.

The Vice President and Business Manager presented the following statements and recommendations:

On authority of the Board of Trustees, the University Cabinet met on January 9, 1951, for the purpose of opening bids on Remodeling of Utility Building. A tabulation of these bids, together with a notation of the Architect's estimate of cost, is on file in the offices of the University Architect and the Auditor of State.

It is noted that the low bid for general contract work, \$17,167.00 is in excess of the estimate filed with the Auditor of State, \$15,700.00. However, the total of the low bids in each of the other three divisions is below the estimate of cost and the grand total of the low bids in all four divisions, \$24,415.00 is below the total of the estimates, \$25,000.00.

The range of bids received indicates satisfactory competition for all divisions of the contract and it is the opinion of the University Architect that no lower bids on the general contract would be received if the project were readvertised.

The Cabinet, therefore, recommends that the Controlling Board be requested to grant permission to award the general contract to Haig M. Boyajohn & Associates at their low bid of \$17,167.00, notwithstanding the fact that this bid is in excess of the estimate of cost. If this permission is granted, it is recommended that the Director of Public Works be requested to enter into the following contracts:

General Contract	Haig M. Boyajohn & Associate.....	\$17,167.00
Heating & Ventilating	Huffman-Wolfe Company.....	3,240.00
Plumbing	M. & M. Plumbing & Heating.....	2,710.00
Electrical	Electric Power Equipment Company	1,298.00

Upon motion of Mr. Ketner, seconded by General Dargusch, the above recommendations of the Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager presented the following statements and recommendations:

At the January 8, 1951 meeting of the Board of Trustees, authority was granted the University Cabinet to request that the Director of Public Works enter into contracts for the following:

Piping for New No. 5 Boiler and No. 1 Turbine
Including Necessary Auxiliaries.....\$194,400.00
Foundations and Steel Work for No. 5 Boiler and
No. 1 Turbine with Necessary Appurtenances
Including Removal of Old Boiler and Turbine.... 318,305.00

Subsequent to this meeting, despite their earlier decision to the contrary, the Director of Physical Plant and the Director of Public Works decided that lower bids might be received if the first project were readvertised and the second project divided and readvertised. Therefore, the following procedure was followed:

The bid for Piping for New No. 5 Boiler and No. 1 Turbine Including Necessary Auxiliaries, in the amount of \$194,400.00, and the bid for the Foundations and Steel Work for No. 5 Boiler and No. 1 Turbine with Necessary Appurtenances Including Removal of Old Boiler and Turbine, in the amount of \$318,305.00, were rejected by the Director of Public Works on recommendation of the University Cabinet.

Pursuant to 10-day advertisement, bids were received on February 5th for Piping for New No. 5 Boiler and No. 1 Turbine Including Necessary Auxiliaries. The low bid, which was below the estimate of cost, was from the Fuel Economy Engineering Company in the amount of \$154,111.00. (This, it will be recognized, is a saving of \$40,289.00 from the bid which was rejected by the Director of Public Works.) The Cabinet has recommended that the Director of Public Works award the contract to the Fuel Economy Engineering Company at the amount stated.

There is presented, herewith, the plans, specifications, bill of materials and estimates of cost for the following five different items, as prepared by the Director of Physical Plant, and representing the split-up covering Foundations and Steel Work for No. 5 Boiler and No. 1 Turbine with Necessary Appurtenances Including Removal of Present Old Boiler and Turbine. The Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Foundations, Steel Work and Alterations Necessary for the Installation of New No. 5 Boiler and No. 1 Turbine and Auxiliary Equipment	\$150,000.00	G-31-1 Power Plant Equipment, H.B. 655
Removal and Demolition of Present No. 4 Boiler and No. 1 Turbine Including Appurtenances	34,000.00	G-31-1 Power Plant Equipment, H.B. 655
Two Storage Tanks and Miscellaneous Piping	35,000.00	G-31-1 Power Plant Equipment, H.B. 655
Flues and Ducts for New No. 5 Boiler	15,000.00	G-31-1 Power Plant Equipment, H.B. 655

Miscellaneous Iron and Steel for

New No. 5 Boiler and No. 1
Turbine and Auxiliaries

36,000.00

G-31-1 Power Plant
Equipment, H.B. 655

It is requested that the Board of Trustees approve said documents and direct the Secretary to sign the same for and on behalf of the Board of Trustees and the Vice President and Business Manager to present them to the Director of Public Works for his approval, and, if so approved, to advertise for bids in accordance with law. It is also requested that the Cabinet be authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters will be reported to the Board at a later meeting.

The estimate of cost on the Electrical Equipment and Wiring for New No. 5 Boiler and No. 1 Turbine was revised from \$60,000 to \$80,000. Request was made to the State Controlling Board and permission granted for a 10-day readvertisement for this project. Bids were received on January 5th and the low bid was from Electrical Contractors, Incorporated in the amount of \$76,486.00, which, it will be noted, was below the revised estimate. Inasmuch as the Director of Physical Plant states that the bid is regular in every respect, the University Cabinet has recommended to the Director of Public Works that a contract be awarded to Electrical Contractors, Incorporated in the amount stated.

Approval is requested for the above actions of the University Cabinet in connection with the Power Plant projects described.

Upon motion of Mr. Ketner, seconded by General Dargusch, the above recommendations were unanimously approved.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
New Refrigeration Equipment in Botany and Zoology Greenhouse	\$6,449.00	Rotary 11707 H. B. 654
Alternate A. to above project: New Refrigeration Equipment in Room 1, Botany and Zoology Greenhouse	\$ 950.00	Rotary 11707 H. B. 654

Upon motion of General Dargusch, seconded by Mr. Ketner, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager now presented the request of Professor I. A. Gould, Chairman of the Department of Dairy Technology, that there be transferred \$4,000.00 from Dairy Laboratory Rotary 15954 (manufacturing operations) to Dairy Technology Rotary 13156 (regular expenses). This request has the approval of the Dean of the College of Agriculture.

Upon motion of Mr. Ketner, seconded by Mr. Thompson, the above mentioned transfer was approved by unanimous vote.

President Bevis reported to the Board the death of Edwin F. Coddington, Professor Emeritus of Civil Engineering, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution expressing on behalf of the University, the sorrow and sympathy of the Board has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Edwin F. Coddington, Professor Emeritus of Civil Engineering, on December 21, 1950. Professor Coddington received his C.E. degree in 1896 and the M.S. degree in 1897 from The Ohio State University. He took graduate work at the University of Berlin where he was granted the Ph.D. in 1902. In the autumn of 1902 he returned to Ohio State as Assistant Professor of Mathematics. He taught in this department until 1906 when he was made Assistant Professor of Mechanics in the newly formed Department of Mechanics. He became Associate Professor of Mechanics in 1908 and Professor in 1912. In the autumn of 1925 Professor Coddington transferred to the Department of Civil Engineering where he was given charge of the development and teaching of courses in geodetic surveying. At this time his title was changed to Professor of Geodetic Engineering. He continued in this capacity until his retirement in 1940 at which time he was made Emeritus Professor of Geodetic Engineering. He was Acting Dean of the College of Engineering from 1915 to 1920.

Professor Coddington's ability to apply mathematics to the solution of scientific and engineering problems was well known. Former students, practicing engineers and even members of the Engineering College faculty who found themselves involved in problems, the solution of which required the application of mathematics beyond their knowledge, frequently asked and received his capable and willing assistance. Professor Coddington had

many achievements to his credit. He had in his possession a medal presented to him in commemoration of the discovery of a comet on June 11, 1898. In 1932 he was given the task of resetting the latitude stone near University Hall because of a change in the roadway from south of University Hall toward Townshend Hall. During the summers Professor Coddington spent his time in research work or in the application of mathematics to active problems by working for various companies and the U. S. Coast and Geodetic Survey.

It was perhaps a fitting climax to a long and honorable career that Professor Coddington, after his retirement, was taking an extremely active part in the research work of the Mapping and Charting Research Laboratory which he worked so diligently to create. He was the first Technical Supervisor on the first project undertaken by this Laboratory and he was most happy and gratified that some of the ideas that he had been studying for some years became of real importance to the solution of a problem essential to the national defense effort. His efforts were directly responsible for the first success of the project and laid the groundwork for further successes of the Laboratory in which he took great interest and pride. He served as a consultant until the time of his death.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

OFFICIAL PROCEEDINGS OF THE
EIGHT HUNDRED AND FORTY-FIFTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, February 18, 1951

The Board met in special session at 6:45 p. m., as per agreement at the meeting of February 12, 1951.

Present: Donald C. Power, Chairman, General Carlton S. Dargusch, Senator John W. Bricker, Forrest G. Ketner, C. F. Kettering and Lockwood Thompson.

The President presented the following statement and recommendation:

The unexpected resignation of Wesley Fesler at the end of our last football season confronted the Ohio State University with the problem of securing a new head coach in time to be ready for the football season next fall.

A considerable number of other institutions throughout the country were similarly engaged in the search for coaches, thus providing competition for the best men.

To insure thorough and impartial search and consideration, an advisory committee was set up to advise with the Director of Athletics in presenting a recommendation to the Athletic Board and the President of the University, who in turn, under University procedures, presents his recommendation to the Board of Trustees for final action.

This committee, which has come to be known as the Screening Committee, has gone systematically about its work. It has canvassed the names of a large number of possible candidates and has then arranged a schedule of interviews with those deemed best suited to our needs.

It has interviewed all of these men, each of whom was thought potentially capable of rendering efficient service as head coach.

In rating their capacities the committee set up for its own guidance criteria. Chief among the criteria were (a) proved coaching ability, the capacity to train and direct strongly competitive teams, and (b) personality, the type of personality which inspires young men to high ideals and strongly competitive endeavor, and can take a constructive place in the educational program of the University and in the student body.

In the process of interview and evaluation, several candidates appeared to be distinct possibilities. Among them, however, Wayne Woodrow Hayes, in the considered judgment of the committee, is best qualified to fill the position at Ohio State.

It is the unanimous recommendation of the committee, therefore, that Mr. Hayes be selected as head coach.

This recommendation has been presented by the Director of Athletics to the Athletic Board which has unanimously approved it

and, upon the recommendation of the Athletic Director and the Athletic Board, it has been presented to me as President of the University.

Upon these recommendations, I recommend to the Board of Trustees the appointment of Wayne Woodrow Hayes as Head Football Coach and Professor of Physical Education at the beginning salary of \$12,504.00 per year, progressing to a maximum of \$15,000.00, with gentlemen's agreement of five years tenure.

Upon motion of Senator Bricker, seconded by Mr. Kettering, the Board approved the above recommendation by unanimous vote.

* * * * *

The Chairman stated that Mr. Warner M. Pomerene, who was unable to attend this meeting, had called from Jamaica and asked that the Board permit him to cast his vote for Mr. Hayes. This the Board agreed to do by unanimous consent.

* * * * *

Thereupon the Board adjourned to meet in regular session Monday, March 12, 1951 at 9:30 a. m. at the University.

The date for the annual Recognition Dinner sponsored by the Board of Trustees was set for Monday, May 7, 1951 at 6:00 p. m. at the Faculty Club and it was agreed to hold the May meeting of the Board on Monday, May 7 at 9:30 a. m. at the University.

Upon motion of Mr. Ketner, seconded by Mr. Thompson, the Board by unanimous vote approved an appropriation of \$1,375.00 from the Interest on Endowment Fund to cover the expense of the Dinner.

Vice President Hatcher presented the following statement:

The subject of acceleration in Medicine, Dentistry and Veterinary Medicine was raised at the last regular meeting of the Board of Trustees, and the Board asked me to make a statement about it at this meeting.

I have had conferences with the Deans of these Colleges. Our College of Medicine, as the Board knows, moved out into the forefront in medical education when it practically doubled the size of its incoming Freshman class last autumn. It is, therefore already accelerated in one important sense. This is also true to the limit of facilities for both Dentistry and Veterinary Medicine. We take pride in their record.

To provide for this increase in Medicine and Dentistry we have had to press our resources to the limit to get done enough remodelling in Hamilton Hall to provide for the additional students. We shall need the summer of 1951 when the laboratories and classrooms can be vacated to complete the renovation. We expect to get this done during the coming summer. We will then be in position to increase the acceleration by operating all four quarters of the ensuing year.

Veterinary Medicine will have its senior class in laboratory and clinical session during the summer 1951. If circumstances warrant, the College will lay plans for a full session in the summer of 1952.

I should like to add a word about military training. We have just had a conference with the Commanding Officers of the three ROTC units. Both the Air and the Military ROTC have indicated that they will provide courses in these two areas for incoming Freshmen in the summer of 1951. The Navy has already arranged for its summer cruises for this year and will have no available personnel for campus work during the summer.

There now came before the Board Mr. Howard Dwight Smith, University Architect, and Mr. Paul Morrill, of the University Architect's Office, who presented in graphic form the results of the planning for student housing.

As a result of this discussion of dormitories—their need and suggested plans for augmenting—it was recommended that the President and the Vice President and Business Manager be given authority to negotiate with the State Teachers' Retirement System and the Public Employees Retirement System for a loan for the construction of new dormitories and also to negotiate with the proper Federal agencies for authority to proceed with such construction. The results of such negotiations will be presented to the Board of Trustees at a later meeting.

Upon motion of General Dargusch, seconded by Mr. Thompson, the above recommendation was unanimously approved.

* * * * *

General Dargusch moved that members of the teaching and service staffs carrying Group Insurance and entering military service may continue to carry such insurance for a period of 30 days following termination of active employment and that the resolution of December 18, 1950 is hereby rescinded.

Mr. Thompson seconded this motion and upon roll call it was unanimously approved.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 115—approved transfer of \$15,000.00 from Rotary 804 (Development Fund) to G-2-B Optometry Building and Equipment, H. B. 654
- 118—approved extra to the Gustav Hirsch Organization, Incorporated, in the amount of \$1,222.74 for revisions to Electrical work at Main Library Addition
- 121—approved transfer and release of \$2,000.00 from Rotary 804 (Research Foundation Funds) to G-2-M Addition to War Research Laboratory, H. B. 654, to cover engineering and drafting labor costs for the period ending June 30, 1951
- 122—approved the transfer and release of \$6,500.00 from Rotary 804 (Athletic Department Funds) to G-2-G Field House, H. B. 654, to cover architectural and engineering labor costs for the period ending June 30, 1951.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project as prepared by the University Architect and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Addition to War Research Laboratory	\$160,000.00 <i>Payable from</i>	G-2-M Addition to War Research Laboratory, H. B. 654

Upon motion of Mr. Ketner, seconded by Mr. Thompson, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees, and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contract. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the following report and recommendation:

In the Spring of 1938, the Athletic Department constructed a water line, starting at Highland Drive and proceeding to the intersection of Kenny Road and McCoy Road from whence it proceeded across the golf course, to furnish water for the golf course. The actual cost of the water main to the Athletic Department was \$2,300.00. Subsequent to that time, the Athletic Board entered into agreements with certain individuals permitting them to tap the water line on Highland Drive for the purpose of supplying water to private residences which they were constructing. A tapping charge of \$120.00 was made. This money became a part of Athletic receipts. The agreement, copy of which is attached, was signed by the Chairman and Secretary of the Athletic Board of the University.

Several similar requests have been made recently and it is the opinion of the University Cabinet that the University should not make a tapping charge to the residents in that area on the belief that the University should not be in the business, even remotely, of acting as a public utility. The several requests which have been made to tap the line recently have been granted without a tapping charge. We now have a request from Mr. Paul Linberg in which he asks that this main be tapped for the purpose of supplying water to a single family residence on Highland Drive east of Kenny Road. It is again the opinion of the Cabinet that this request should be granted without a tapping charge to Mr. Linberg, but also without an assessment to the University as a result of tapping of the main so made.

It is further understood that Mr. Linberg will save the Ohio State University harmless from all costs and damages whatsoever nature by reason of the making of said connection.

Upon motion of General Dargusch, seconded by Mr. Thompson, the above recommendations were unanimously approved.

President Bevis pointed out to the Board the necessity of keeping the University in line with salary and wage adjustments made elsewhere in the State service. Inasmuch as the Civil Service Commission has announced a formula effective April 1, 1951 for salary increases for persons under the Classification Act, it is felt highly essential that the University keep in line with the other State departments in making adjustments. The University is already at a disadvantage in the hiring of its employees due to the higher salaries paid by the Federal government and by industry.

Upon motion of Mr. Ketner, seconded by General Dargusch, the President was authorized to effect the salary changes in accordance with the classification schedule as of April 1, 1951, for non-academic employees.

The Department of Public Welfare and the University have been discussing proposed changes in the Memorandum of Agreement under which the Neuropsychiatric Hospital will be operated. The general principle of these changes has been agreed upon by the two departments, but certain details have yet to be worked out. It is recommended that President Bevis be given the authority to execute the amendment of the contract for the University, subject to the approval of the Attorney General, and report back the changes so made to this Board.

Upon motion of Mr. Thompson, seconded by Mr. Ketner, the foregoing recommendation was unanimously approved.

President Bevis announced that the next annual meeting of the Association of Governing Boards of State Universities and Allied Institutions will be held at the Texas A. & M. College, College Station, Texas, beginning October 9, 1951. It was agreed that General Dargusch will again represent the Board at this meeting and that at a later meeting of the Board other members may be selected as additional representatives.

Thereupon the Board adjourned to meet Monday, April 9, 1951 at 9:30 a. m. at the University.

Upon motion of Mr. Ketner, seconded by General Dargusch, the above actions of the Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager presented the following statement and recommendation:

On authority of the Board of Trustees, the University Cabinet met on March 20, 1951, for the purpose of opening bids on Power Plant projects. The following bid was received on Two Storage Tanks and Miscellaneous Piping:

<i>Bidder</i>	<i>Amount of Bid</i>
Lieb-Jackson Company	\$91,000.00

The Engineer's estimate on this project was \$35,000.00. It is the recommendation of the Cabinet that the Director of Public Works be requested, on behalf of the Board of Trustees, to reject the above bid since it is so far in excess of the estimate.

It is the further recommendation of the Cabinet that the Controlling Board be requested to permit the publication of an invitation for new bids by a single advertisement in the manner provided by law.

This project is payable from G-31-1 Power Plant Equipment, H. B. 655.

Upon motion of Senator Bricker, seconded by Mr. Pomerene, the above recommendation was unanimously approved.

* * * * *

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 130—approved extra to Grove-Drake-Psaty in the amount of \$3,791.08 for additional lathing and plastering at Medical Center

- 134—approved extra to The Huffman-Wolfe Company in the amount of \$1,219.24 for extension of oxygen service line at Medical Center

145—approved 10-day readvertisement for bids for Two Storage Tanks and Miscellaneous Piping for Power Plant

* * * * *

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Exterior Painting of Six Campus Buildings and Two Groups of Farm House Buildings	\$15,000.00	F-1 Building Repairs, H. B. 654
Exterior Painting of Baker Hall and Neil Hall	\$4,000.00	Dormitory Maintenance Funds
New Tile Floor and Wainscot in Kitchen of Faculty Building	\$5,200.00	Faculty Club Maintenance Funds

Upon motion of Senator Bricker, seconded by Mr. Pomerene, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager recommended that the Salaries of the following employees of the University Architect's Office be transferred, effective April 1, 1951, from A-1 Salaries to the Building Accounts of Buildings Under Construction, where their services are being used, with the understanding that these employees retain their status in regard to Retirement, Insurance, Hospitalization and Civil Service.

The Building Account to which each individual's salary is to be charged will be recommended by the University Architect to the Business Office monthly:

<i>Name</i>	<i>Title</i>	<i>Salary</i>
Roy E. Vickers	Architectural Engineer	\$4,512.00
Frank A. McNamee	Superintendent	4,812.00
Thomas B. Smith	Mechanical Draftsman	4,224.00
Shirley S. Tennant	Draftsman	3,312.00

Upon motion of Mr. Ketner, seconded by Senator Bricker, the above recommendation was unanimously approved.

* * * * *

The Vice-President and Business Manager presented the following statement and recommendation:

On July 7, 1950, the Board of Trustees approved the employment of Mr. Clyde T. Morris in a consulting capacity in connection with the design of the steel structure for the proposed Field House, at a fee of \$75.00 per diem and not to exceed \$2,000.00. Mr. Morris' services were rendered in consultation with Mr. Smith, Mr. Lam Woo and Mr. Ray V. Rosensteel, Chief Structural Engineer on the project.

Because of ill health Mr. Rosensteel abandoned work on the project on December 29, 1950, and his death occurred on February 23, 1951. Since that time, it has been necessary to rely more heavily upon Mr. Morris to assist in directing the engineering work on the project.

It is, therefore, recommended that the Board of Trustees approve an additional sum not to exceed \$1,000.00 as compensation to Mr. Morris for his increased service on the Field House project.

Upon motion of General Dargusch, seconded by Senator Bricker, the above recommendation was unanimously approved.

* * * * *

The Vice President and Business Manager recommended the transfer of \$5,000.00 from Rotary 8204, Baker Hall, to Rotary 12002,

4-9-'51

Additions and Betterments—Architect's Fees, to provide for salaries up to July 1st for members of the University Architect's staff in connection with the new dormitory studies.

Upon motion of General Dargusch, seconded by Senator Bricker, the above transfer was approved by unanimous vote.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
EIGHT HUNDRED AND FORTY-EIGHTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, May 7, 1951

The Board of Trustees met at the University pursuant to adjournment.

Present: General Carlton S. Dargusch, Vice-Chairman, Forrest G. Ketner, Warner M. Pomerene and Judge Robert N. Gorman of Cincinnati, appointed as a member of this Board by Governor Lausche for a term to begin April 23, 1951 and to end May 13, 1953. Judge Gorman succeeds Lockwood Thompson of Cleveland who resigned April 9, 1951, following his appointment as a Judge of the Court of Appeals of the 8th Appellate District of Ohio. Judge Thompson has served as a member of the Board for ten years.

That upon the recommendation of the University Faculty Council at its meeting held on April 10, 1951, the following persons be awarded honorary degrees at the June Commencement, 1951:

Ralph Johnson Bunche	—Doctor of Laws
Esther McGinnis	—Doctor of Laws
Gregg Manners Sinclair	—Doctor of Laws
Arthur S. Watts	—Doctor of Science
Clyde Williams	—Doctor of Science

That upon the recommendation of the University Faculty Council at its meeting held on April 10, 1951, the honorary degree of Doctor of Laws be awarded to Werrett Wallace Charters at the August Commencement 1951 (Summer Convocation);

That the Lamme Medal be awarded at the June Commencement on June 8, 1951, to Ralph L. Boyer, Chief Engineer, Vice President and Director of the Cooper-Bessemer Corporation. Mr. Boyer graduated from The Ohio State University in 1924 with the degree Bachelor of Mechanical Engineering and in 1930 was awarded the professional degree of Mechanical Engineer;

That upon the recommendation of the Faculty Council at its meeting held on April 10, 1951, the name of the Department of Neurology and Psychiatry be changed to the Department of Psychiatry and that the courses in Neurology and Neuro-surgery be returned to the Departments of Medicine and Surgery, respectively, effective July 1, 1951;

That the proposal for setting up a Cooperative Laboratory Service between the Division of Animal Industry to the Ohio Department of Agriculture and the College of Veterinary Medicine of The Ohio State University, effective May 7, 1951, be approved;

That the Memorandum of Understanding between the Ohio Agricultural Extension Service of The Ohio State University and the Ohio Division of Wildlife, Department of Natural Resources, for cooperation in Wildlife Extension Program for the fiscal year beginning July 1, 1951, be approved;

That the sum of \$30,000 be transferred from Pomerene Refectory Rotary 8228 to Home Economics Rotary 8211 for the use of the School of Home Economics;

That fees in the College of Dentistry be increased as follows, effective Autumn Quarter 1951:

That the non-returnable laboratory fee for students in the *dental curriculum* of the College of Dentistry be increased \$20 per quarter, or from \$85 to \$105 per quarter;

That the non-returnable laboratory fee for students in the *dental laboratory technology curriculum* be increased \$20 per quarter, or from \$85 to \$105 per quarter;

That the non-returnable laboratory fee for students in the *dental hygiene curriculum* be increased \$20 per quarter, or from \$30 to \$50 per quarter.

\$822.36 to be credited to Rotary 11711—Senior Class Memorials (1950 Class Memorial Fund)

\$500 for The Ohio State University Student Leader Award

Ohio State University Student Leader Award Fund

Established April 5, 1951, by gifts through the Development Fund from campus student organizations to be invested in accordance with Section 4861-10 G.C., the income to be used to make awards to outstanding students whose needs for funds would otherwise prevent them from engaging in campus activities. Recommendations for the awards are to be made by the Board of Directors of The Ohio State University Student Leader Award Fund and the awards are to be made by the President of the University or the University Scholarship Committee. Should the need for these awards cease to exist or so diminish as to create unused income, then the Board of Trustees of the University, in its discretion, may use said income for any purpose directly benefiting the student body.

\$347.10 for the William Henry Newton Memorial Fund.

The William Henry Newton Memorial Fund

Established April 24, 1951, by a gift through the Development Fund, from Isadore Topper and John M. McElroy in memory of William Henry Newton, BSC-Journalism '33, to be invested in accordance with Section 4861-10 G.C., the income to be used to make an annual award to the student selected by the Director of the School of Journalism as having done the outstanding reporting job for The Ohio State University Lantern. In the event that the University should cease to publish a newspaper, then the Board of Trustees of the University may use this income in such manner as they may deem best. It is requested, however, that preference be given to items connected with the field of Journalism.

Following an interim report by the special committee consisting of Mr. Pomerene, Mr. Power and General Dargusch, Chairman, which was appointed at the September 5, 1950 meeting to study matters covering Athletics, Mr. Pomerene now presented the following resolution relating to the Athletic Board and moved its adoption:

Faculty Rule No. 34

The Athletic Board shall consist of seven members and shall be responsible to the Board of Trustees through the President. Five of these shall be members of the University Faculty, appointed by the President annually. They shall constitute the Faculty Committee on Athletics and Athletic Eligibility. One member shall be an Alumnus of the University and shall be elected by the Ohio State University Association for a term of one year. One member shall be a student of the University elected by the Student Senate for a term of one year; provided, however, that the terms of those persons now members of the Athletic Board shall continue until such time as they would have terminated under Faculty Rule No. 34 as the same read prior to this amendment.

Subject to the general authority of the Board of Trustees the Athletic Board shall be charged with the development of policy governing intercollegiate and intramural athletics. It shall recommend to the President the appointment of a Director of Athletics for submission to the Board of Trustees. All other appointments shall be made in the usual manner by the Board of Trustees after nomination

by the President upon recommendation of the Director of Athletics following consultation with the Athletic Board. All schedules shall be approved by the Athletic Board. It shall make an annual report to the University Faculty Council.

The Director of Athletics shall have immediate direction of intercollegiate and intramural athletics and shall be responsible to the Athletic Board therefor. It shall be the duty of the Director to arrange the schedules of intercollegiate and intramural contests, subject to the approval of the Athletic Board. The Director shall supervise all trips and make all arrangements for the carrying on of intercollegiate and intramural contests.

The annual budget of the Athletic Department shall be prepared by the Director of Athletics in accordance with University procedures following consultation with the Athletic Board. All expenditures of the Athletic Department shall be accomplished in accordance with University procedures under the general supervision of the Business Manager.

The Athletic Physical Plant and employees thereof shall be under the jurisdiction of the Director of Physical Plant and shall be administered under the rules and regulations of the Board of Trustees. An appropriate charge for this service will be made to the Athletic Department Rotary.

The above motion was seconded by Judge Gorman and upon roll call was unanimously adopted.

General Dargusch presented a report to the Board covering the experience of the Group Insurance Plan and stated that, because of the present reserves that have been built up, it is now possible to increase the benefits in certain groups and suggested that for employees age 40 but under 50 the benefit be increased from the present schedule of \$3500 to the new schedule of \$3800, and for employees age 50 but under 60 the benefits be increased from the present schedule of \$2200 to the new schedule of \$2500. All other schedules are to remain as presently established.

Upon motion of Mr. Ketner, seconded by Mr. Pomerene, the Board by unanimous vote approved the changes as suggested above by General Dargusch, effective as of May 7, 1951.

Rose Bowl Contract

The President now presented the recommendation of the Athletic Board transmitted by the Director of Athletics concerning the "extension" of the Rose Bowl contract with the Pacific Coast League for three more years.

The extension contract has been approved by the meeting of the Faculty Representatives to the Western Conference, subject to ratification by the member schools themselves. The principal point of discussion is whether a Western Conference school may send a team every two years, as the current agreement provides, or only every three years, as was previously the case.

It may be noted that the income from the game will be increased considerably from television rights, so that each of the twelve "shares" to be divided in the Western Conference promises to equal about \$25,000 instead of the \$12,000 or \$13,000 heretofore realized.

Since the school sending a team receives two shares, the total would be in the neighborhood of \$50,000. This would in great measure solve the problem of sending the band and somewhat more representative list of University personnel.

The President presented this recommendation with his approval.

Upon motion of Mr. Ketner, seconded by Judge Gorman, the Board approved the above recommendation by unanimous vote, with the understanding, however, that the President will advise with other members of the Intercollegiate Conference and Mr. Kenneth L. Wilson, Commissioner of Athletics for said Conference, to the end that the Commissioner's office shall have arranged in advance of each Rose Bowl game the details as to hotel reservations, transportation, tickets, etc. and as soon as it is determined which University will represent the Conference at the Rose Bowl, then all such detailed arrangements shall be immediately submitted by the Commissioner to the proper officials of said University.

The President reported that he is in receipt of a letter from the Attorney General of Ohio advising of the filing of a proceeding in the Probate Court of Franklin County, Ohio (No. 133,511), seeking the construction of a will and declaratory judgment in the estate of Edmond N. Yantes, deceased, the Ohio National Bank of Columbus, Ohio, as executor of the estate of deceased plaintiff vs. Edmond K. Yantes, 168 West Main Street, Wilmington, Ohio, et al., defendants. The Ohio State University has been made a party defendant in this suit.

The interest of the Ohio State University is in trust funds over which Mr. Yantes had and exercised a power of appointment and not in his general estate. This interest is contingent upon the failure of the surviving children of Edmond N. Yantes and the issue of the children to reach the age of 21 years, as appears in Mr. Yantes' will.

The Attorney General expresses the opinion that it is quite unlikely that the University will ever receive any property under this will. However, he recommends that he be authorized by the Board of Trustees, to file an answer on behalf of the University and encloses a copy of the proposed answer and a copy of the proposed journal entry.

I would recommend, therefore, that the Board authorize the Attorney General to file the answer and, if the Court approves, put the journal entry upon record.

Upon motion of Mr. Pomerene, seconded by Mr. Ketner, the Board approved the above recommendation by unanimous vote.

The President presented the following statement:

While working on a project of contract research in the University laboratories, Harold Shechter and Ralph B. Kaplan invented certain new and useful improvements in and relating to "Polynitrated Compounds and Processes of Making Them" and on April 2, 1951 filed application for Letters Patent, Serial No. 220,380 .

In the original contract under which the research was being carried on, any patent rights which might accrue to the University were conveyed in advance to the Ohio State University Research Foundation. This agreement was approved by the Board of Control as provided by law.

Through error and inadvertence the inventors, Harold Schechter and Ralph B. Kaplan, assigned their right, title and interest in and to the said invention and patent rights arising therefrom to the Board of Trustees of the Ohio State University instead of the Ohio State University Research Foundation, as it was their intention to do. In order that their rights may be transferred and assigned to the Ohio State University Research Foundation, it is desired that the Board of Trustees release and quitclaim their rights to the said inventors. A form of release has been prepared by counsel and it is my recommendation that the Board by its Secretary authorize the execution of this release and quitclaim.

Upon motion of Mr. Ketner, seconded by Judge Gorman, the above recommendation was approved by unanimous vote.

The President presented the following letter from Professor Wilbur H. Siebert, Emeritus:

23 April, 1951

President Howard L. Bevis and
The Honorable Board of Trustees
The Ohio State University
Columbus, Ohio

Gentlemen:

A large oil portrait of former President William Oxley Thompson was painted by the noted artist, Charles W. Hawthorne of New York City and Provincetown, Cape Cod, in Mrs. Siebert's studio in June, 1922, and is hanging in my library. It shows Dr. Thompson in academic gown and hood, and is the portrait that the Doctor repeatedly said he wished to be remembered by.

I have long felt that this portrait should belong to the University and now take pleasure in presenting it to your Honorable Board and President Bevis.

Very respectfully,
(Signed) WILBUR H. SIEBERT

The President then stated that Professor Siebert had this picture painted in Mrs. Siebert's studio in their home at considerable expense. If it is accepted by the University, it could be suitably hung under the direction of the Committee on Portraits and Memorials.

Since, as Professor Siebert states, President Thompson wished to be remembered by this picture, it seems to me fitting that the University which he served so well should accept it and accord it proper placement.

I recommend that the portrait be accepted and that the Board extend its thanks to Professor Siebert.

Upon motion of Mr. Pomerene, seconded by Mr. Ketner, the Board by unanimous vote accepted the portrait of Dr. Thompson and requested the President to express to Professor Siebert its sincere thanks and appreciation for this gift.

The Vice President and Business Manager presented the following statement and recommendation:

On authority of the Board of Trustees, the University Cabinet

met on March 20, 1951 for the purpose of opening bids on Two Storage Tanks and Miscellaneous Piping. The only bid received was \$91,000.00, as compared to an estimate of cost of \$35,000.00. In order that we might obtain a wider range of bids, we requested and received permission from the Controlling Board to readvertise the project on a ten-day basis.

After such advertisement the following bids were received on April 12th:

Sauer Company, Incorporated.....	\$91,350
Fuel Economy Construction Company.....	43,725
Lieb-Jackson Company	85,970
Huffman-Wolfe Company.....	47,300

It is noted that, although there are no bids below the estimate of cost, the two low bids are very close. It is the opinion of the University Cabinet that, because of increased cost and scarcity of materials since the project was set up, the estimate of \$35,000.00 is too low. It is also the opinion of the Cabinet that, in view of the uncertainty of the present bidding situation, no lower bids would be received if the project were readvertised again.

The Cabinet, therefore, recommends that the Director of Public Works be requested to enter into a contract for Two Storage Tanks and Miscellaneous Piping with the Fuel Economy Construction Company at their low bid of \$43,725.00, notwithstanding the fact that this bid is in excess of the estimate of cost. The project is payable from G-31-1 Power Plant Equipment, H. B. 655.

Upon motion of Mr. Ketner, seconded by Mr. Pomerene, the above recommendation was approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board and pursuant to legal advertisement, has received bids and approved the award of the following contract and now recommends that the actions of the Cabinet be approved by the Board of Trustees. A detailed tabulation of said bids is on file in the offices of the Auditor of State and the University Architect and is included in the records of the University Cabinet.

Nurses' Audible Call System, Medical Center

Electrical Contractors, Incorporated\$26,825.00

To be paid from G-2-F Health and Medical Center, H. B. 654

Upon motion of Mr. Ketner, seconded by Mr. Pomerene, the above actions of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

125—transfer of \$3,485.52 from Rotary 804 to G-2-F Health and Medical Center, H. B. 654, to provide for recommended changes in contract work

131—\$2,266.28 extra to Grove-Drake-Posaty for providing extra space for relocated pipes at New Medical Center

- 141—(a) \$1,936.81 extra to Babcock and Wilcox Company for additional repairs to walls of No. 7 Boiler damaged by explosion
 (b) transfer of \$986.81 from F-1 Building Repairs to F-9 Other, H. B. 654, to provide funds for this extra
- 146—transfer of \$5,000 from Rotary 804 to G-2-B Optometry Building and Equipment, H. B. 654, for equipment purchases
- 151—\$1,857.60 extra to the Struck Construction Company and \$1,090.00 to Haig M. Boyajohn & Associates for adding layer of reinforcing steel mesh fabric to all new concrete walks surrounding New Ohio Union
- 154—transfer and release of \$1,000 from Rotary 804 to G-2-G Field House, H. B. 654, to provide funds for addition to fee of Clyde T. Morris for increased services required on Field House project
- 155—award of contract for Two Storage Tanks and Miscellaneous Piping to Fuel Economy Construction Company at their low bid of \$43,725.00, notwithstanding the fact that this amount is in excess of the estimate of cost filed with the Auditor of State.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Interior Painting of Old Part of Main Library and Radio Studios	\$ 8,000.00	F-1 Building Repair, H. B. 654
Patching and Repairing Portion of C Deck, Ohio Stadium	\$25,000.00	Athletic Department Funds

Upon motion of Mr. Pomerene, seconded by Judge Gorman, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager recommended the following transfers from Rotary 804:

- \$26,825.00 To G-2-F Health and Medical Center, H. B. 654 for Nurses' Audible Call System contract
- 3,485.52 To G-2-F Health and Medical Center, H. B. 654 to provide for recommended changes in contract work

5,000.00 To G-2-B Optometry Building and Equipment, H. B. 654 for equipment purchases

1,000.00 To G-2-G Field House, H. B. 654 for additional engineering fee to Clyde T. Morris

Upon motion of Mr. Ketner, seconded by Judge Gorman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following report and recommendation:

In the Spring of 1938, the Athletic Department constructed a water line, starting at Highland Drive and proceeding to the Intersection of Kenny Road and McCoy Road, from whence it proceeded across the golf course to furnish water for the golf course. The actual cost of the water main to the Athletic Department was \$2,300.00. Subsequent to that time, the Athletic Board entered into agreements with certain individuals permitting them to tap the water line on Highland Drive for the purpose of supplying water to private residences which they were constructing. A tapping charge of \$120.00 was made. This money became a part of Athletic receipts. The agreement, copy of which is attached, was signed by the Chairman and Secretary of the Athletic Board of the University.

Several similar requests have been made recently and it is the opinion of the University Cabinet that the University should not make a tapping charge to the residents in that area on the belief that the University should not be in the business, even remotely, of acting as a public utility. The several requests which have been made to tap the line recently have been granted without a tapping charge. We now have a request from Mr. Robert A. Grimm in which he asks that this main be tapped for the purpose of supplying water to a single family residence on Highland Drive west of Marburn. It is again the opinion of the Cabinet that this request should be granted without a tapping charge to Mr. Grimm, but also without an assessment to the University as a result of tapping of the main so made.

It is further understood that Mr. Grimm will save the Ohio State University harmless from all costs and damages whatsoever nature by reason of the making of said connection.

Upon motion of Mr. Ketner, seconded by Judge Gorman, the above recommendations were unanimously approved.

Mr. Pomerene offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of the Ohio State University that there be called for redemption on June, 15, 1951, Women's Dormitories Construction Revenue Bonds in the amount of \$13,000.00, being bonds Nos. 25 through 37 inclusive, and that the Business Manager be directed to notify in writing the State Teacher's Retirement System of this intention to redeem these bonds.

The above action is in accordance with Article Five, Section 13, of the Indenture approved November 5, 1938.

This motion was seconded by Mr. Ketner, and upon roll call was unanimously approved.

Mr. Pomerene offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of the Ohio State University that there be called for redemption on June, 15, 1951, Men's Dormitory Construction Revenue Bonds in the amount of \$20,000.00, being bonds Nos. 66 through 85 inclusive, and that the Business Manager be directed to notify in writing the State Teacher's Retirement System of this intention to redeem these bonds.

The above action is in accordance with Article Five, Section 13, of the Indenture approved November 5, 1938.

This motion was seconded by Mr. Ketner, and upon roll call was unanimously approved.

Mr. Pomerene offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of the Ohio State University that there shall be repaid to the Treasury of the State of Ohio on June 15, 1951, a portion of the \$500,000.00 Dormitory Construction Loan (Stadium) amounting to \$17,500.00, or half of the required annual payment.

The above action is in accordance with the provisions of House Bill 477 for Dormitory Construction passed by the Legislature July 6, 1945 and approved by Governor Lausche on July 18, 1945.

This motion was seconded by Mr. Ketner, and upon roll call was unanimously approved.

The Vice President and Business Manager presented the following recommendation:

It is recommended that Jacob B. Taylor, Vice President and Business Manager, be authorized to make application to John Hancock Mutual Life Insurance Company for the withdrawal of \$25,000 from the premium reserve on Group Life Insurance Policy No. 1305-G in order to make expenditures for the increased amount of \$204.00 annually to retired members and for the death benefits of \$500.00 to beneficiaries of deceased members. This program was provided for by previous action of the Board of Trustees.

On Motion of Mr. Ketner, seconded by Mr. Pomerene, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

An amendment is being proposed to the Memorandum of Agreement between the State Department of Public Welfare and the Ohio State University covering the operation of the Columbus Receiving Hospital as a part of the Medical Center. In the main, the amendment proposes to reimburse the University for the cost of professional services rendered the Receiving Hospital and to add laundry services to the list of maintenance services which the University will furnish and for which it will be reimbursed at cost.

It is recommended that President Bevis be authorized, upon completion of the negotiations and the approval of the amended agreement

by the Attorney General, to sign said amended agreement for and on behalf of the Board of Trustees.

Such action as is taken in this matter will be reported back to the Board at a subsequent meeting.

Upon motion of Judge Gorman, seconded by Mr. Ketner, the President was given the authority requested.

The Vice President and Business Manager presented the following statement and recommendation:

The State Department of Public Health is proposing a revision of the Memorandum of Agreement under which their Tuberculosis Receiving Hospital will be operated as a part of the Medical Center. The purpose of the revision, in the main, is to provide for reimbursement for the cost of certain services to be provided by the University, which services were not mentioned in the original agreement. These additional services include laundry and internes and residents and other professional services.

It is recommended that President Bevis be authorized, upon completion of the negotiations and the approval of the revised agreement by the Attorney General, to sign said revised agreement for and on behalf of the Board of Trustees. Such action as is taken in this matter will be reported back to the Board at a subsequent meeting.

Upon motion of Judge Gorman, seconded by Mr. Ketner, the President was given the authority requested.

That the following miscellaneous recommendations be approved.

That the following leaves of absence, with salary, be granted:

Walter C. Barrett, Jr., County Agricultural Agent, Paulding County, Department of Agricultural Extension, for the period June 15 to August 31, 1951 for graduate study at The Ohio State University.

D. C. Kiplinger, Extension Specialist in Floriculture, Department of Agricultural Extension for the period June 15 to August 31, 1951 for graduate study at The Ohio State University.

Edith L. Berry, Extension Specialist in Clothing, Department of Agricultural Extension, for the period June 1 to August 31, 1951 for graduate study at Oregon State College.

That the annual salary budget for the Agricultural Extension Service for the year beginning July 1, 1951 be approved;

That the Operating Budget for the Department of Athletics for the year 1951-1952 be approved;

That upon the recommendation of the Faculty Council at its meeting held on May 8, 1951, Rules 100, 101, 102, 182, 195, 196, 200 and 201 be amended as follows:

1. (1) That existing Faculty Rules 100, 101, 102 and 103 be repealed and that Rules 182, 183 and 184 be renumbered 183, 184 and 185 respectively.

- (2) That the following new Rules be adopted:

Rule 100. University Requirements for Men Students

All men students entering the curriculum of Dental Technology or the Colleges of Agriculture, Arts and Sciences, Commerce and Administration, Education or Engineering, unless excused under Rule 102, shall be required to schedule:

(1) two hours of Military or Air Science, or three hours of Naval Science, for each quarter offered, until a total of twelve (Naval Science, eighteen) credit hours have been earned;

(2) one hour of Physical Education, for each quarter offered, until a total of three credit hours has been earned;

(3) one hour of Hygiene during one of the first three quarters offered, and thereafter, if necessary, until one credit hour has been earned. Transfer to other Colleges of this University shall not constitute a waiver of unfulfilled requirements of this Rule. (But see Rule 182.)

Rule 101. University Requirements for Women Students

All women students entering the curricula of Nursing or Dental Hygiene or the Colleges of Agriculture, Arts and Sciences, Commerce and Administration, Education or Engineering, unless excused under Rule 102, shall be required to schedule:

- (1) one hour of physical education, for each quarter offered, until a total of six credit hours has been earned;
- (2) one hour of Hygiene during one of the first three quarters offered, and thereafter if necessary, until one credit hour has been earned. Transfer to other Colleges of this University shall not constitute a waiver of unfulfilled requirements of this Rule. (But see Rule 182.)

Rule 102. Excuse from University Requirements for Men and Women Students

The President shall by rule determine the University policy with respect to excuse from the requirements of Rules 100 and 101 of students transferring with advanced standing from other institutions. The Department of Physical Education may for other reasons excuse individual students from any or all of the Physical Education and Hygiene requirements of Rules 100 and 101. The Department of Military and Air Science may for other reasons excuse individual students from any part or all of the first requirements of Rule 100.

Rule 182. Credit Hour Requirements for a Degree

For each degree or certificate offered by this University a stated minimum number of credit hours shall be required. Included in the minimum fixed for the curricula in Nursing, Dental Hygiene and Dental Technology, and for each curriculum in the Colleges of Agriculture, Arts and Sciences, Commerce and Administration, Education and Engineering, shall be the credit hours earned in satisfying the University requirements of Rules 100 and 101. Excuses granted under Rule 102 shall not reduce the stated minimum number of credit hours required for a degree or certificate.

2. (1) That existing Faculty Rules 195, 196 and 200 be repealed and that Rule 201 be renumbered 202.
- (2) That the following new rules be adopted:

Rule 195. Participation

Undergraduate participation in student activities shall be classified as follows: competition in intercollegiate athletics; fraternity or sorority membership general activity; and major activity. "Major activity" shall consist of offices in any student organization, fraternity or sorority, staff positions on student publications, parts in any musical, dramatic or similar production, and any other active participation so classified by the Dean of Men or Dean of Women.

Rule 196. Eligibility

Eligibility for competition in intercollegiate athletics shall be governed by rules of the Intercollegiate Conference and of the Athletic Board of this University. Eligibility for frater-

nity or sorority membership shall be governed by Rule 206B. To be eligible for general activity a student must be, for the quarter of participation, regularly enrolled in the University. Eligibility for major activity shall be governed by the following provisions:

- A. A student shall be ineligible for major activity if he
 - 1. is not, for the quarter of participation, regularly enrolled in the University; or
 - 2. is not carrying a minimum of 15 hours, unless he has the approval of the Dean of his College; or
 - 3. has been warned by the Dean of his College for scholastic deficiencies, or is below a 2.00 cumulative point-hour ratio.
- B. A student may at any time be declared ineligible for major activity,
 - 1. by the Dean of his College for unsatisfactory classwork.. Such action shall be reported by the College to the Dean of Men or Dean of Women.
 - 2. by the Dean of Men or Dean of Women when his active participation is judged to be detrimental to the student himself, the organization, or the University.

Rule 200. Filing Requirements

At the beginning of each Autumn Quarter there shall be filed with the Dean of Men or Dean of Women the complete list of officers and members of each student organization, together with the acceptance of the Faculty Counselor where one is required by Rule 198. No meeting rooms shall be assigned until this requirement is met. Corrected lists shall be subsequently filed during the academic year where essential to continued accuracy. Lists of students entering upon any major activity as defined in Rule 195 shall be filed with the Dean of Men or Dean of Women in advance of the actual preparation for, or assumption of, the obligations of such major activity.

On May 1 of each year a brief annual report on the activities of each organization, approved by the Faculty Counselor, shall be made to the Council on Student Affairs.

Rule 201. Responsibilities for Filing and Ineligibility

The President of each student organization shall be responsible for fulfillment of the filing requirements of Rule 200. The President of the organization involved and the student concerned shall be responsible for the latter's participation in any major activity while ineligible by Rule 196.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

From the Development Fund

\$2,000 for the John E. McCrehen Memorial Scholarship Fund. (This fund is to be a subdivision of The Ohio Association of Real Estate Boards Scholarship Fund.) The description of this Fund is as follows:

The John E. McCrehen Memorial Scholarship Fund

Established June 6, 1951 by a gift through the Development Fund From Mrs. Elizabeth McCrehen, widow of the late John E. McCrehen, as a memorial to him. The principal is to be invested in accordance with Section 4861-10 G.C., the income to be used in the same manner and according to the same regulations as prescribed for the Ohio Association of Real Estate Boards' Scholarship Fund.

From other sources

- \$4,200 from the University of Southern California—to be credited to the University of Southern California Rotary 11877;
- \$3,600 from the Procter and Gamble Company for the Procter and Gamble Fellowship in Chemistry Rotary 11653;
- \$3,300 from the E. I. duPont de Nemours and Company for the duPont Fellowship in Chemistry Rotary 11190;
- \$1,000 from the Cincinnati Chemical Works for the Cincinnati Chemical Works Fellowship Rotary 11128;
- \$1,000 from the Robert Gould Research Foundation for the Veterinary Conference Rotary 11268;
- \$418 from the Abbott Laboratories for a fellowship in Chemistry Rotary 11004;
- \$25 from the Ohio State Veterinary Medical Association for the Veterinary Library Fund Rotary 11400.

That the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

- Schenley Laboratories, Incorporated, New York City—Investigation of Microbiological Products (to be known as the Schenley Laboratories, Incorporated Research Project No. 391—Amendment No. 2—Poultry Husbandry);
- American Petroleum Institute, New York City—Investigation of Pure Hydrocarbons (to be known as the American Petroleum Institute Research Project No. 31—13th Extension—Chemistry);
- The Upjohn Company, Kalamazoo, Michigan—Investigation of Synthesis of Cortical Hormones (to be known as the Upjohn Company Research Project No. 428—Supplement No. 2—Chemistry);
- Cleveland Ordnance District, Cleveland, Ohio—Investigation of Research in Design of Propellants (to be known as the Cleveland Ordnance District Research Project No. 458—Chemistry);
- U. S. Atomic Energy Commission, Chicago, Illinois—Investigation of Low Temperature Physics (to be known as the U. S. Atomic Energy Commission Research Project No. 423—Supplement No. 1—Physics);
- Engineer Research and Development Laboratories, Fort Belvoir, Virginia—Investigation of Research on Infrared Transmitting Glasses (to be known as the Engineer Research and Development Laboratories Research Project No. 459—Ceramic Engineering);

3151st Electronics Group, Griffis AF Base, Rome, New York—Investigation of effects of direction of polarization (to be known as the 3151st Electronics Group, Griffis AF Base Research Project No. 389—Supplement No. 4—Electrical Engineering); Radio Corporation of America, RCA Division, Camden, New Jersey—Investigation of Superturnstile Antenna (to be known as the Radio Corporation of America, RCA Division, Research Project No. 460—Electrical Engineering).

The above eight contracts for research in cooperation with Government and Industry represent a gross income of \$156,373.50.

On motion of Senator Bricker, seconded by Mr. Huffman, these recommendations of the President were approved by unanimous vote.

President Bevis now read to the Board the following statement which the Secretary was directed to have recorded in the proceedings of this meeting.

OHIO STATE IN 1951

Inasmuch as several of the members of the Board are just beginning their service as Trustees of the Ohio State University, perhaps a brief statement of orientation might be helpful.

Two important phases of the University's recent history are now coming to an end: the phase of the "Veterans' Bulge" and the phase of an important period of building construction.

Our enrollment, in terms of Fall Quarter registration, had attained a level of approximately 13,000 before the War, which placed us from second to fourth among the large universities of the country. During the War, the enrollment declined to less than 7,000, three-fourths of whom were girls. Our pre-War normal was about two men for each girl. At the end of the War, under the combined impact of deferred registration and the veterans' benefits, we shot up from 7,000 to nearly 26,000 students. This necessitated a considerable increase in our teaching staff and the erection of a large number of temporary classroom buildings and the extension of our daily program of instruction far into the night. The veterans, on the whole, were the best students we have ever had in the University, which is the more remarkable in that some 5,500 of them were married, with an average of 1.7 children per family. By successive graduations, the "Bulge" has now flattened out and our incoming students are high school graduates of normal age and transfer students from other colleges and universities. Our Fall Quarter enrollment last year was about 20,500. We anticipate an enrollment in the neighborhood of 18,000 this coming Fall.

As to the phase of building construction:

Prior to the War the last construction of any consequence on this campus was completed about 1930. Thereafter the years of Depression and of War passed without substantial additions to our plant. We continued to present our accumulating needs to the Legislature for several biennia, and, after the War was over, we were able to secure by appropriation and re-appropriation a considerable sum for construction. The appropriated funds were augmented by a contribution voluntarily made by students for the construction of a new Student Union, and two of the Departments of the State Government—the Department of Health and the Department of Welfare—added units

to our Medical Center. The total additions to our plant, now virtually completed, have cost in excess of thirty million dollars. We continue to have both needs and plans, but the State Treasury afforded little for building construction during this biennium. It is interesting to note, however, that even so, the Ohio State University had appropriated to it about ten per cent of all of the construction money granted by the current Legislature. If the Emergency permits, we still hope to go forward with the building of an auditorium and a field house, neither of which will be built with appropriated funds.

These two phases just ending are now merging into two new phases of our activity; one is a new norm of student enrollment and the other is the "Emergency."

While we do not anticipate, on the basis of present indications, a violent decline in enrollment this year, it seems probable that for three or four years we may slip back a little further. About 1958 the impact of the increased birth rate incident to the War will begin to strike the universities, and this, together with the increasing proportions of graduates who go to college, will, undoubtedly, start our enrollment curve up again. Various official predictions have been made as to the national extent of this upward movement. On the basis of our experience up to date, some of the predictions seem exaggerated, but it is clear that we must look forward to a new norm considerably higher than anything we have thus far experienced.

This prospect becomes important in many ways—among others, our plans for buildings and campus improvements and the building of our instructional organization. It would be an expensive economy to allow the organization we have built and improved over the years to deteriorate during a temporary period of slack enrollment.

The effect of the Emergency is not yet fully apparent. We have endeavored in many ways to get set for it, but have not yet found it necessary to modify very materially our regular course of action. Our four-quarter system is in itself "acceleration." We are prepared to push acceleration to any necessary extent. We are providing ROTC instruction during the Summer, even though the armed forces officially are not asking us to do so. We have indicated to the Services that we shall be prepared to take groups for specialized instruction whenever it is desired that we do so, and have arranged to make available for such groups whatever housing we possess, if necessity arises. We have tried to make clear, however, that a campus should not be used merely as a camp and that University facilities ought to be utilized for purposes of specialized instruction. With this philosophy we have found complete agreement.

The University function which has developed most rapidly during the past decade is that of research. The Research Foundation, a non-profit corporation, organized in close relationship with the University, is a convenient instrumentality for handling research on a contract basis, but much other research goes on in the regular departments of the University. Ten years ago we were actively soliciting research projects, trying to let it be known that there were effective research workers on this campus. The research program has grown so rapidly that our problem now is to select from the projects offered us those which we are best qualified to handle, and for which we can provide space, facilities, and personnel. Some of you will remember that at the last meeting of the Board I reported something over a million dollars

worth of new contracts for research signed during the preceding month. This was an exceptionally large month, but the volume of research work carried on runs to several million dollars a year. Year after year, the volume increases.

Along with the development of our research capacity, we have steadily strengthened our teaching forces. The number of our colleges and departments which have top rating in national standing is steadily increasing. The post-war period has not, as some feared, diluted our teaching capacity, but on the contrary, we have been able to turn the stresses of that time to our own account and our teaching force has emerged demonstrably stronger than it was at the beginning of the War. Now that the stress on building construction is brought to a temporary lull, we plan to press forward, with renewed emphasis, on improving the character and standard of our instructional staff. The provisions in the current budget, if approved by you, will be of material assistance in this respect.

There are beside the Ohio State University four other state-supported universities in Ohio, and Wilberforce, now called Central State College, which is also supported by the State.

These universities were established at widely varying times in widely separated parts of the State and as they grew developed rivalries which were virtually animosities. These animosities were so active that the growth and progress of all the schools were being seriously hindered. In their approaches to the Legislature, for example, they tore each other down perhaps more than they built themselves up. It became evident that some form of cooperation had to be devised, and the alternative was clear; the cooperation would be brought about either by the establishment of one state-wide board, under which all the schools would endeavor to function, or by voluntary agreement. The experience of other states with one big board was not then encouraging, and has grown less so with the passing years. It seemed especially inadvisable for the schools of this state, with their separate origins, charters, traditions, alumna groups, and individual loyalties.

Accordingly, there was organized what has come to be called the Inter-University Council, a purely voluntary organization, composed of representatives of each of the several institutions, who meet periodically to discuss common problems and to agree on joint action. The organization is not a legal entity and has no binding sanctions beyond the willingness of its members to cooperate. It has proved to be a most useful instrument. Since 1941 we have been threshing out our budgetary problems with each other prior to going to the Legislature and have jointly presented our requests to the Governors and the Finance Committees. The results, I am sure, have been exceedingly worth while. Good feeling has been restored between the institutions, the united support of all alumni has been mobilized behind all our requests, and there is no doubt that each school has obtained larger appropriations than it otherwise would have been able to secure.

As a measure of our progress and as an indication of the esteem in which our University is publicly held, permit me to list the total amounts appropriated for operating expenses during the past several biennia:

1933-1934	\$ 7,216,900*
1941-1942	10,023,573

* Includes student fees, not then included in the stated appropriation.

1945-1946	13,006,009
1947-1948	23,802,528
1949-1951	24,684,704
1951-1953	29,810,241

These figures are significant, especially when taken in consideration with similar appropriations made to the other leading state universities of the country. When it is remembered that the University of California is in reality eight schools under one board, and that the University of Illinois has become similarly a galaxy of institutions, it will be seen that our comparative situation has much improved.

The really great and illustrious period of the Ohio State University's service is just beginning. Foundations have been laid, but the real structure remains to be built. It has seemed clear to the administration and to the Board of Trustees, over the past years, that we have a greater mission than that indicated by mere numbers of students. We shall undoubtedly continue to attract a large undergraduate student body. An analysis of our offerings in comparison with those of other schools of this region makes this almost inevitable. There are, however, other good undergraduate schools with whom, in my judgment, we can profitably share mere undergraduate enrollment. The great mission of this University is to become the outstanding regional center for graduate, professional, and research work. We seem marked out among the schools of this area for this service. We are holding this goal constantly in view, and I, personally, have no doubt that the years will bring fulfillment beyond our dreams.

President Bevis now presented the annual salary budget for the fiscal year beginning July 1, 1951 and, after explaining the principles underlying the preparation of the budget, recommended its approval by the Board.

Mr. Ketner moved that the annual salary budget as presented and recommended by the President be approved, subject to the following two amendments:

1. that the salary of President Bevis be made \$20,000.00;
2. that the salary of Dean L. L. Rummell of the College of Agriculture be made \$6,250.00.

This motion was seconded by Senator Bricker and upon roll call the annual budget for 1951-1952, as amended, was unanimously approved.

The President presented the following statement and recommendation:

House Bill 450, passed by the last General Assembly, provides that the non-academic employees of the University, with a few exceptions, be placed under the classification system of the State Civil Service. In preparing the operating budget for 1951-1952, employees were fitted as nearly as possible into the proper ranges of the classification system and on the proper step of those ranges. Only an exhaustive survey by the Civil Service Commission will determine the exact classification of each non-academic employee. This survey will consume a considerable period of time and the final determinations will be made later in the fiscal year.

Therefore, the operating budget, of necessity, was prepared on the best information available at this date. In approving the operating budget it is recommended that the President be given authority to make whatever individual salary changes are required by the Civil Service Commission under the provisions of H. B. 450. All changes made in individual salary amounts and classifications will be reported back to the Board of Trustees at a later meeting.

Upon motion of Senator Huffman, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

President Bevis presented the following statement:

At the last meeting of the Board I made reference to a proposal to provide space for the housing of interns in the old Hospital Building. In view of the previous resolutions of the Board with reference to the use of space in the old building, I suggested the desirability of further study and report. We have re-studied the Board's ruling and have made some investigation of space requirements. It appears that reasonably satisfactory space for interns can be provided without locating them in the Hospital Building, and in general there appears at the present time to be no adequate reason for departing from the space allocations heretofore made. I have, therefore, no recommendations for change.

* * * * *

The President presented the following statement:

I am pleased to report to the Board that with the allocation of certain additional space which can be made available to the School of Architecture, we shall be able to apply for re-accreditation with assurance of success. The new Director, Professor Whitaker, has gone about the rehabilitation of the School with imagination and vigor, and has effected changes in personnel and curriculum which have elicited high praise from all concerned. The only phase of rehabilitation remaining to be completed is the allocation of additional space for drafting room and departmental library purposes. These allocations have been studied and agreed upon in the University Cabinet and are satisfactory to Professor Whitaker.

The Vice President and Business Manager presented the following statement and recommendation:

On April 9, 1951 the Board of Trustees approved plans and specifications for Exterior Painting of Six Campus Buildings and Two Groups of Farm House Buildings at an estimated cost of \$15,000.00; and Exterior Painting of Baker Hall and Neil Hall at an estimated cost of \$4,000.00. It is now recommended that these items be combined and the project amended to include Painting the Faculty Building. The total estimated cost for the project is \$20,000.00. The expense of painting the Faculty Building will be paid from Faculty Club funds.

Upon motion of Senator Huffman, seconded by Judge Gorman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

On authority of the Board of Trustees, the University Cabinet met on May 22, 1951, for the purpose of opening bids on Removal of Skylight at Pomerene Hall and Relaying Tile and New Copper Gutters at Page Hall. The following bid was received:

George Snyder & Sons Company.....\$11,550.00

The Engineer's estimate of cost, as filed with the Auditor of State, was \$10,000.00. Although four companies took out plans and specifications on the project, we received only the bid noted above. It is the opinion of the University Cabinet that, in view of the fact that only one bid was received from the four companies, neither a lower bid nor wider competition would be obtained if the project were re-advertised.

The Cabinet, therefore, recommends that the Board of Trustees give authority to the President to enter into a contract with George Snyder & Sons Company for Removal of Skylight at Pomerene Hall and Relaying Tile and New Copper Gutters at Page Hall, at their bid of \$11,500.00, notwithstanding the fact that this bid is in excess of the estimate of cost. The project is payable from F-1 Roofing, H. B. 654.

Upon motion of Senator Huffman, seconded by Judge Gorman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 158—transfer of \$26,825.00 from Rotary 804 to G-2-F Health and Medical Center, H. B. 654, for award to Nurses' Audible Call System contract to Electrical Contractors, Incorporated.
- 159—transfer of \$100,000 from Rotary 804 to G-2-F Health and Medical Center, H. B. 654, to provide funds for extras to contracts and equipment purchases.
- 161—\$2,525 extra to Struck Construction Company for substitution of sodding for seeding and addition of commercial fertilizer over lawn area, New Student Union.
- 163—revisions to American Sterilizer contract at no changes in cost, Medical Center.
- 167—award of contract for Removal of Skylight at Pomerene Hall and Relaying Tile and New Copper Gutters at Page Hall to George Snyder & Sons Company at their low bid of \$11,550.00, notwithstanding the fact that this amount is in excess of the estimate of cost filed with the Auditor of State.

168—(a) new account to be known as F-1-C Painting Baker Hall, Neil Hall and Faculty Building.

(b) transfer and release of \$5,045.00 from Rotary 804 to F-1-C Painting Baker Hall, Neil Hall and Faculty Building, H. B. 654.

169—authorized a new account to be known as F-1-D New Ceramic Tile Floor and Wainscot in Kitchen of Faculty Building, H. B. 654, in order that transfer of Faculty Club funds may be made to provide for project.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

* * * * *

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
New Roadways and Parking Areas East of Baker Hall in Connection with New Buildings	\$46,116.60	G-32-1 Roads, Walks, Tunnels, Utility Lines, Site Improvement for Building under Construction, H. B. 655

(Note: The plans, specifications and estimate of cost for this project, in the amount of \$45,000.00 were approved at the March 12, 1951 meeting of the Board. The cost of material and labor has now risen to such an extent that the Director of Physical Plant recommends the estimated cost be increased to the above figure.)

Upon motion of Senator Bricker, seconded by Judge Gorman, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive the open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Asphalt Pavement of Four Volleyball Courts and University School Playgrounds	\$8,500.00	Maintenance Funds

Upon motion of Senator Bricker, seconded by Judge Gorman, the Board by unanimous vote approved said documents and directed the

Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the following statement and recommendation:

Upon recommendation of the Dean of the College of Medicine, it is requested that the Vice President and Business Manager be authorized to negotiate and sign an amendment to the Indenture of Lease dated September 30, 1947, between the Ohio State University and the Sisters of the Poor of St. Francis. The amendment will cover the period from July 1, 1951 to June 30, 1952. The Sisters of the Poor of St. Francis will maintain 104 clinical beds for teaching purposes, for which the University will make the following payments:

- | | |
|---|--------------------|
| (1) Salaries of residents, interns and assistants appointed by the College of Medicine amounting to approximately | \$15,000.00 |
| (2) Cash payment for surgical and laboratory supplies. | 12,000.00 |
| (3) Cash payment for general purposes..... | 30,000.00 |
| Total | <u>\$57,000.00</u> |

Upon motion of Senator Bricker, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following report:

The Dean of the College of Medicine and the Administrator of University Hospital have submitted the following room rates for new University Hospital and asked that they be established June 15, 1951:

Ward	\$ 9.00 per day
Semi-private	\$11.00 per day
Private	\$14.00 per day

Upon motion of Senator Bricker, seconded by Mr. Ketner, the above rates were approved with the understanding that the President shall have the authority to modify such rates in special cases.

The Vice President and Business Manager presented the following report:

On February 12, 1951 the Board of Trustees directed that the University's share of the supplemental retirement for faculty on military leave be paid from Interest on Endowment. Because of the heavy charges against the Interest on Endowment account, it is requested that permission now be granted to pay these amounts from Rotary 9001.

Upon motion of Mr. Ketner, seconded by Senator Bricker, the above permission was granted.

The Vice President and Business Manager presented the following report:

The City of Columbus has presented the University with a Sewer Rental Agreement between the City and the University for the property owned by the University located west of the Olentangy River and within the boundaries of Franklin County Sewer District Clinton No. 3. Inasmuch as the University is already paying sewer rentals to the City of Columbus in accordance with the decision of the Supreme Court of Ohio, it is recommended that the proper University officials be given authority to execute the Sewer Rental Agreement in question.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above permission was granted.

Mr. Ketner moved that the sum of \$2,000.00 be appropriated from the Interest on Endowment Fund for the use of the President on official entertainment.

This motion was seconded by Senator Bricker and upon roll call was unanimously approved.

The Chairman indicated that the next item on the agenda was the election of officers.

Senator Bricker moved that General Carlton S. Dargusch be elected Chairman and Judge Robert N. Gorman be elected Vice Chairman, effective as of this date.

The above motion was seconded by Mr. Ketner and upon roll call was unanimously approved.

Senator Bricker now moved that Carl E. Steeb be elected Secretary and Hugh E. Nesbitt be elected Treasurer. This motion was seconded by Senator Huffman and upon roll call was approved unanimously.

Judge Gorman presented the following statement and moved that it be made a part of the record of this meeting, and that a copy be sent to the Board of Regents of the University of Michigan:

"The Board of Trustees of the Ohio State University have regarded very highly the service of Dr. Harlan Hatcher. As Professor, as Dean, and as Vice President in charge of faculty and curriculum, he has brought to the University a breadth and depth of scholarship, a facility of expression, a penetrating understanding, and a degree of administrative capacity that have won him the respect and affection of the faculty and esteem of all, on and off the campus.

This University regrets keenly the loss of Dr. Hatcher's service and devotion, but it recognizes the great honor implicit in his selection as President of the University of Michigan and rejoices in the great work which it feels confident he will do in his new field. It predicts for him and the University of Michigan another period of outstanding success. It is happy in the new tie which will further bind two great Universities together in friendship and cooperation. In the common cause of teaching, research and service, the Ohio State University congratulates the University of Michigan upon the choice of its new President."

This motion was seconded by Senator Bricker and upon roll call was approved by unanimous vote.

* * * * *

The Chairman suggested that the Board of Trustees give a farewell appreciation dinner for Vice President and Mrs. Hatcher before they leave to take up their new duties.

This the Board agreed to unanimously and instructed the Chairman to appoint a special Committee to arrange for such an occasion.

The Chairman appointed Senator Huffman, Senator Bricker, Mr. Ketner, Mr. Taylor and the Secretary to serve on said committee.

Upon motion of Mr. Ketner, seconded by Senator Huffman, General Dargusch was designated as the representative of the Board on the Inter-University Council, to succeed Mr. Power.

The Vice President and Business Manager presented the following statement and recommendation:

Senate Bill 9, passed by the last General Assembly, provides a broader and more comprehensive retirement program for state employees. Under it, the annual contribution to the retirement fund will be at the rate of 6 per cent of total salary, to be matched by the state. With the advent of this improved retirement program by the state, it seems indicated that certain revisions be made in the supplemental retirement program in effect at the University. It is, therefore, recommended that:

1. The second supplemental retirement program (2.4%) be continued so far as inclusion of the salary amount which was added on July 1, 1950 is concerned and this amount be used to pay, in part, the increased deduction under S. B. 96 for retirement purposes.

2. The Vice President and Business Manager be directed to refund to the individual faculty members the amounts which had been deposited with him in the trust account pending final determination of the nature of the second supplemental retirement program.

3. The first supplemental retirement program (4%) be continued as at present pending further study of the entire retirement program.

Upon motion of Senator Bricker, seconded by Judge Gorman, the foregoing recommendations were unanimously approved, subject to the provisions that S. B. 96 finally becomes law.

* * * * *

The Chairman appointed Senator Bricker and Judge Gorman as

members of the special committee to study the Retirement System. They succeed Mr. Power and Mr. Thompson whose terms as members of this Board have expired.

President Bevis now reported to the Board the death of Dr. Herman A. Hoster, Professor in the Department of Medicine, and, in accordance with the recommendation of the Board of Trustees, a copy of the following resolution expressing on behalf of the University the sorrow and sympathy of the Board has been furnished to the family of the deceased:

The Board of Trustees expresses its sorrow at the death of Dr. Herman A. Hoster, Professor of Oncology, on May 14, 1951. Dr. Hoster was educated at Yale University and Johns Hopkins University where he received an M.D. degree in 1938. He served as intern at Jefferson Medical College Hospital from June 1938 to September 1940, and as a research fellow in physiological chemistry at Yale University Medical School during 1940-41. He became an instructor in medicine at The Ohio State University in 1941 and attained the rank of professor in 1947.

Dr. Hoster will be especially remembered for his work in cancer research. More than any other single person he initiated and helped to accomplish the first \$300,000 appropriation for cancer research laboratory construction from the National Advisory Cancer Council of the United States Public Health Service, as the nucleus for the new physical plant for research activities in the new Health Center. The knowledges of his heroic, courageous pursuit of the answer to the unsolved problems of Hodgkin's disease and allied dyscrasias was an example and an inspiration to his colleagues and to his patients during the past ten years. Because of the therapeutic developments here, and their application to a large number of patients throughout Ohio and elsewhere, the 79th Legislative Assembly of the State of Ohio initiated and appropriated \$100,000 through the State Department of Health for the specific support of cancer research, including Hodgkin's disease, on this campus, under the general supervision and direction of a joint committee of the State Department of Health and the College of Medicine.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

President Bevis reported to the Board the death of William H. Rose, Professor in the College of Law, and, in accordance with the recommendation of the Board of Trustees, a copy of the following resolution expressing on behalf of the University the sorrow and sympathy of the Board has been furnished to the family of the deceased:

The Board of Trustees expresses its sorrow at the death of William H. Rose, Professor of Law, on May 24, 1951. Professor Rose was trained at Phillips Exeter Academy, the University of Virginia and The Ohio State University, where he

received the LL.B. and M.A. degrees. He received the J.S.D. degree from Yale University and took graduate work at Columbia University. He was admitted to the bar in Ohio in 1934 and practiced with Eagleson and Laylin in 1924 and 1925. He became a member of the Ohio State faculty in 1926 and held the rank of professor from 1937.

His record includes service in the first World War as a second lieutenant in the field artillery and in World War II he was an attorney in the office of the Assistant Solicitor General, Department of Justice, from 1943 to 1945. In addition to his work as a teacher, he wrote on many legal subjects and published articles in the University of Pennsylvania Law Review, Minnesota Law Review, University of Michigan Law Review and the Ohio State Law Journal. He was the editor of *Readings on Legal Methods*. He was a member of the American Bar Association.

In the death of Professor Rose, his colleagues have lost a dear friend and associate, his students a wise and stimulating teacher, and the entire University community an able and conscientious faculty member. His professional contributions to the work and welfare of the College of Law have been very great. His friends will remember him as a person of rare gentleness and nobility of spirit.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.
